Case No: 18-F-0097  
Civil Action 18-cv-241

July 31, 2019

Ms. Mary Alice Carter  
Executive Director  
Equity Forward 85  
Broad Street  
New York, NY 10004

Dear Ms. Carter:

This is the twelfth interim response of the Administration for Children and Families to your December 12, 2017, Freedom of Information Act (FOIA) request for correspondence from certain named Administration for Children and Families (ACF) employees which included certain specified terms, for the months of March, May, September and October 2017. Specifically, you sought the following items:

1. Correspondence to, from or carbon copied to<sup>1</sup>:
  - Scott Lloyd
  - Jonathan White
  - Curi Kim
  - Judith Haron
  - Anna Marie Bena
  - Scott Logan
  - Tricia Swartz (Associate Deputy, ORR) Jallyn
  - Sualog (Director of Children Services)
  - James De La Cruz (Houston Field Supervisor)

1. The request asked that the search use the following search terms
  - “pregnancy”

---

<sup>1</sup> The request also sought emails to, from and carbon copying Maggie Wynne and Dr. David Teuscher. However, ACF advised Equity Forward that these individuals work for at the department level and the Office of the Secretary Division of FOI/Privacy has jurisdiction over those records.

- “pregnant”
- “ORR director”
- “abortion”
- “ru-486”
- “CPC”
- “ultrasound”
- “rape”
- “nonconsensual”
- “Gestational”
- “judicial bypass”
- “life affirming”
- “unborn child”
- “spiritual counseling”
- “options counseling”
- “WTF”
- “Terminating”
- “terminate”
- “termination”
- “Pregnancy notification”
- “Pregnancy motivations”
- “Scott is”
- “Scott said”
- “from Scott”

Your request was sent to the Office of Refugee Resettlement (ORR) and the Office of the Chief Information Officer for a search for responsive records. The Office of the Chief Information Officer performed the search and provided 159,000 pages of responsive records.

Following extensive negotiations between the parties, it was agreed that ACF would begin its production by disclosing emails without attachments, after which Equity Forward would choose the attachments it wished to receive.

Accordingly, please find enclosed 633 pages of responsive records. One hundred twenty-nine (129) additional pages were forwarded to the Office of the Secretary (OS), Department of Health and Human Services (HHS) and to other federal agencies for consultation on those pages that originated within those offices.

Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6). The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants,

attorney-client privileged records and attorney work product. In this case, the withheld information includes pre-decisional discussions within the agency and between agency staff and contractors about management of the program and individual children, sensitive communications between agency staff seeking legal advice and counsel on policy and other matters and documentation of attorney thoughts and work in anticipation of litigation.

The FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists of the identities and/or other private information of private individuals and the work cell phones of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

Sincerely yours,

## Congressional Daily News

Bloomberg Government reports on today's congressional activity below.

### **What to Watch Next Week**

By Robin Meszoly | September 29, 2017 8:42AM ET

Budget and taxes, immigration and abortion restrictions will top the agenda as Congress kicks off the new fiscal year.

Majority Leader Kevin McCarthy (R-Calif.) said the House would vote next week on its fiscal 2018 budget resolution (H.Con.Res. 71) shepherded by Budget Committee Chairman Diane Black (R-Tenn.).

Adopting the budget resolution with reconciliation instructions would pave the way for an overhaul of the tax code by a simple majority in the Senate.

The decision by the House Freedom Caucus to endorse the tax framework unveiled by GOP leaders removed a potential hurdle for adoption of the blueprint.

The Senate Budget Committee plans to mark up that chamber's budget resolution next week, Majority Leader Mitch McConnell (R-Ky.) said.

**ABORTION:** The House plans to vote on a measure (H.R. 36) that would make it a crime to perform or attempt an abortion if the probable post-fertilization age of the fetus is 20 weeks or more. The proposed Pain Capable Unborn Child Protection Act would provide exceptions in cases of rape or incest.

The House has passed similar bills in the two previous Congresses, largely along party lines.

**OBAMACARE:** We'll be watching for a potential bipartisan agreement to help stabilize individual insurance markets. Senate Health, Education, Labor and Pensions Committee Chairman Lamar Alexander (R-Tenn.) told reporters yesterday that he and the committee's ranking Democrat Patty Murray (Wash.) are close to a deal and need the support of leaders and members to move forward.

**NOMINATION:** Federal Communications Commission Chairman Ajit Pai is up for a confirmation vote Monday for a new five-year term. The Senate voted 55-41 yesterday to invoke cloture on the nomination of Pai, who has drawn Democrats' criticism over plans to rewrite Obama administration rules on net neutrality and broadband classification.

The same day, former Equifax Inc. Chairman and CEO Richard Smith, is scheduled to testify before a House Energy and Commerce Digital Commerce and Consumer Protection Subcommittee oversight hearing on the cyberbreach at the company that resulted in the theft of more than 143 million Americans' personal data. Smith returns to Capitol Hill Wednesday to appear before Senate Banking Committee. The Senate Judiciary Privacy, Technology and the Law Subcommittee plans a hearing that day on the Equifax breach.

Senate Minority Leader Chuck Schumer (D-N.Y.) and other Democrats are citing the Wells Fargo and Equifax scandals as a reason Congress shouldn't kill a rule designed to make it easier for consumers to sue financial firms.

**EX-PRESIDENTS' PERKS:** The Senate Homeland Security and Governmental Affairs Committee plans Wednesday to mark up legislation (S. 1791) sponsored by Joni Ernst (R-Iowa) that would cap former presidents' monetary allowances for items such as office space and staff salaries, and reduce the allowance by each dollar of income a former president earns in excess of \$400,000.

"With the national debt quickly approaching \$20 trillion, we cannot afford to generously subsidize the perks of former presidents to the tune of millions of dollars," Ernst said in a Sept. 12 statement. She cited "former presidents raking in tens of millions of dollars from book deals, speaking engagements and more."

Then-President Barack Obama vetoed similar legislation last year, saying it "would impose onerous and unreasonable burdens on the offices of former presidents" and terminate staffers' salaries abruptly. The House Oversight and Government Reform Committee approved a companion bill ([H.R. 3739](#)) by voice vote Sept. 13.

### **House Panel Sets Oct. 4 Vote on Children's Health Bill**

By Victoria Pelham | September 28, 2017 6:08PM ET

(BNA) -- A House panel will mark up legislation Oct. 4 to extend federal funding for the Children's Health Insurance Program.

The Energy and Commerce Committee, chaired by Rep. Greg Walden (R-Ore.), will consider at its markup the CHIP funding, as well as money for community health centers and legislation governing other programs such as graduate medical education. The panel's session will come Oct. 4, according to a committee staffer. The CHIP funding expires Sept. 30 under current law.

CHIP covers nearly 9 million children whose families make more than Medicaid eligibility allows but can't afford private health insurance. Without renewed funding, states will begin exhausting their funds by December, with most running out by March. States and children's advocates have been urging Congress to act quickly or risk having programs prepare to close. The Senate Finance Committee has already struck a bipartisan deal to extend CHIP for five years, but it hasn't yet marked up the bill.

"CHIP, now in its 20th year, has always been bipartisan and we hope this extension will be no different," Walden said in the committee statement.

Walden noted the "critical role" CHIP plays. "It's imperative we finish our work quickly so these vital services continue to be available for those who rely on them," he said.

#### **Working Out Deals**

All states would run out of funding within the year for CHIP, according to projections from the Medicaid and CHIP Payment and Access Commission (MACPAC), which advises Congress. And although the states have some carry-over funds set aside, experts are warning that states need time to prepare,

especially because of contracts with providers and managed care plans. States would likely have to take actions like freezing enrollment or notifying families of potential cuts to their coverage very soon, if Congress fails to act quickly. Some have said that could come within weeks.

"Certainly it's good news to see signs of movement because Congress is very far behind on this," Joan Alker, executive director of the Georgetown Center for Children & Families, told Bloomberg BNA Sept. 28.

The Senate Finance proposal would extend the \$13.5 billion per-year insurance program for five years.

That meets the recommendations of MACPAC. The Medicaid Health Plans of America, however, have called for a permanent reauthorization, noting a consistent pattern of running up against the deadline for funding extensions.

The Senate's CHIP proposal, Keep Kids' Insurance Dependable and Secure (KIDS) Act (S.1827), which lawmakers have said would cost \$8 billion, would also wind down a higher federal match for CHIP that was included in Obamacare and maintained in its 2015 reauthorization. The 23 percent boost increased the federal share to about 93 percent, according to the Centers for Medicare & Medicaid Services. Under the Senate's plan, the match would shrink starting in fiscal 2020.

The Senate CHIP measure would also continue maintenance of effort, requiring states to keep the same eligibility standards for kids to enroll, until 2019—with some added flexibility for states. Those eligibility standards are especially important amid health insurance instability and uncertainty, Alker said.

The details of a House arrangement haven't been spelled out yet, but lawmakers have said they're close to reaching a bipartisan deal for a multiyear extension.

"I wish the House had a bipartisan agreement like the Senate, because if they did we could be getting this done right away," Alker said. "But it doesn't appear that they do."

"If Congress really wanted to do right by CHIP, they could accept the Hatch-Wyden deal and be done with it," she added. "So clearly there are some issues behind the scenes or we would've seen a bipartisan announcement today."

"The clock is ticking very loudly at this point," Alker said.

#### Health Centers

Community health centers, which will be included in the House markup, are also up against a Sept. 30 funding cliff for an Affordable Care Act-created fund that covers 70 percent of their total grant dollars.

The centers provide care for about 24 million people in medically underserved areas, according to the Kaiser Family Foundation. Nearly half (47 percent) of their patients are insured by Medicaid or CHIP.

Kevin,

Pursuant to our conversation today, please have BCFS provide to the Acting Director of ORR Ken Tota ([Kenneth.Tota@acf.hhs.gov](mailto:Kenneth.Tota@acf.hhs.gov)) with an informational document regarding the request by the UC at BCFS San Antonio abortion procedure which specifies:

- The request made by the UC
- A full copy of the Judicial Bypass, if any
- Communication regarding whether BCFS requests Federal funding for the procedure
- Disclosure of all steps BCFS and any third parties took to facilitate acquisition of the judicial bypass
- Information on the procedural history of the Judicial Bypass, including if there were prior requests (this information may follow the initial information if not yet available)
- The name and A# of the requesting child

ORR will also review case notes and medical information on the child in the UAC Portal.

We will request additional information as determined necessary.

---

Kevin,

Pursuant to our conversation today, please have BCFS provide to the Acting Director of ORR Ken Tota ([Kenneth.Tota@acf.hhs.gov](mailto:Kenneth.Tota@acf.hhs.gov)) with an informational document regarding the request by the UC at BCFS San Antonio abortion procedure which specifies:

- The request made by the UC
- A full copy of the Judicial Bypass, if any
- Communication regarding whether BCFS requests Federal funding for the procedure
- Disclosure of all steps BCFS and any third parties took to facilitate acquisition of the judicial bypass
- Information on the procedural history of the Judicial Bypass, including if there were prior requests (this information may follow the initial information if not yet available)
- The name and A# of the requesting child

ORR will also review case notes and medical information on the child in the UAC Portal.

We will request additional information as determined necessary.

**Subject:** Hurricane Harvey: Please update by 1:00PM ET (WED 10/18) - ACF Program Updates

Good Morning,

Please send your program updates to the ACF Watch Officer ([hswatchofficer@acf.hhs.gov](mailto:hswatchofficer@acf.hhs.gov)) by **1:00PM EST, today Wednesday (October 18<sup>th</sup>)**. Below is what was reported in last Wednesday's SITREP (October 4<sup>th</sup>). If you do not have any new information to report, please reply, **"Nothing new to report."**

**Frequency:** Requests for information regarding program impacts **will** be sent out on **Wednesdays**.

If you have new information, please edit what we have below and reply back. If you need any assistance feel free to reach out to the watch officer or the Region 6, Regional Emergency Management Specialist (REMS) Amy Grissom ([amy.grissom@acf.hhs.gov](mailto:amy.grissom@acf.hhs.gov)).

Thank you!

### Programmatic Impacts

- **Office of Refugee Resettlement/Unaccompanied Alien Children:**
  - No programmatic impacts to report at this time.
- **Office of Refugee Resettlement/Refugees Program:**
  - Texas Regional Replacement Designee (RRD) Lead YMCA of Greater Houston reports the following:
    - Refugee resettlement agencies in Houston continue to contact clients and conduct home visits to complete need assessments.
    - Assisting refugee clients with registering for FEMA assistance and referring them to other resources in the community.

- Assisting clients with translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
- Referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
- Communicating with Employers to assist clients in regaining their jobs.
- Meeting with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
- Texas RRD Lead is reporting that for those refugees that were evacuated from their apartment complexes, agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
- URD is reporting that URM in foster care and those in Supervised Independent Living (SIL) all are safe in their residence.
- Texas Medical Replacement Designee (MRD) is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
- Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees expressing needs such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent.
- **Administration for Native Americans:**
  - No programmatic impacts to report at this time.
- **Office of Child Care:**

The following was obtained from information received from Texas Department of Protective and Regulatory Services (DFPS) Child Care Licensing (CCL):

  - • All child care operations in the 39 disaster counties have been contacted;
  - • 513 child care operations are closed;
  - • 42,309 potentially displaced children based on capacity;
  - • Licensing staff continue to work with providers to conduct abbreviated inspections to assess health & safety and provide technical assistance;
  - • Licensing staff from other districts are being deployed to Houston to help with routine monitoring inspections.

Subsidized Child Care data as of 2 October:

Subsidized Child Care	Status as of Sep 20	Status as of Oct 2
Closed	181	106

Total Subsidized Children Prior to Hurricane	3,401	2,025
Texas Rising Star Providers	24	14

○ **Office of Head Start:**

- There are currently 344 centers in the impacted zone with 22,601 slots. 8 centers are confirmed closed in the impacted area affecting 420 slots. Currently, it is undetermined when all of the impacted centers will reopen.

● **ACFY/Children's Bureau:**

- As of 5 October, we are aware of 3 tribal families that are displaced in the Houston area and are in the process of getting more information to help access FEMA case management services.
  - 19 CPAs reported having a total of 34 families displaced by Hurricane Harvey who were unable to return home as of 10/2/17.
  - These 34 families are caring for a total of 66 CPS children.
  - Of these displaced families, 3 families (caring for a total of 5 CPS children) were reported as being in a known FEMA temporary sheltering location.
  - Of the 34 displaced families, 6 families (caring for a total of 17 children) were identified where the county they had been displaced to was different than the county they had been living in before Hurricane Harvey.
  - For the families that have been displaced to a different county than the one they resided in before Harvey, the listing of before/after counties is below:

Before/After Counties	
Aransas	San Patricio
Brazoria	Fort Bend
Fort Bend	Harris
Harris	Fort Bend
Harris	Galveston
Orange	Jasper

- For CPS foster homes, we have a total of 14 families caring for 22 children who are displaced.
- 4 families are displaced out of the resident county: 2 Montgomery County families are now in Harris County, one family moved from Orange County to Jasper and one from Hardin to Harris County.
- 2 families are known to have been in FEMA locations.

- CPS Kinship Caregivers: 54 families remain displaced caring from a total of 78 children.
- 5 families are displaced out of their resident county: 1 family has moved from Orange County to Louisiana, 2 families from Harris to Dallas, 1 family from Harris to Ft. bend, and 1 family from Aransas to San Antonio.
- 2 families are known to have been in FEMA locations.
- A total of 102 families remain displaced with a total of 166 children in CPS conservatorship.
- All of our residential providers (GROs and RTCs) (excepting 2 who have closed at least temporarily) returned with their children to their original sites.
- The 2 RTCs/GROs I mention below did have to have kids moved, but it was a total of 19 children.
  - 11 of them we were able to relocate together to another facility in the same county.
- **Family and Youth Service Bureau/Runaway and Homeless Youth:**
  - No programmatic impacts to report at this time.
- **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**
  - All programs are fully operational.
  - 32 providers/programs were affected (this does not include shelters that received evacuees from other DV shelters).
  - Programs experienced varying degrees of impact to their infrastructure, most were relatively modest. Some experienced damage to furniture, appliances and files because of flooding.
  - Transitional housing inventory in the greater Houston area has gone from slim to almost none. This has the potential to extend shelter stays for some clients.
  - Due to generosity of many people, providers seem well stocked on food, water, diapers.....some had specific food and over the counter needs but basic staples are covered.
  - Mary Kay provided \$250,000 to support affected programs with immediate needs. Providers were given an opportunity to submit a one page application indicating needs.
  - Verizon provided \$50,000 for more nuanced supply and operational needs. With 32 programs affected, the \$50k will not go too far.
  - Information from program staff:
    - Program staff have been directly impacted. I spoke to two Beaumont staff that lost everything. One individual lost her home and all her possessions. She left her home to check on her family in Jasper but her boyfriend stayed behind. Their house had 7 feet of water and her boyfriend spent 4 days in water before he was rescued. He remains ill. She has been instrumental in getting donations to the

program and in spite of her personal situation she worried about the agency. Another staff person had a similar story but added she lost all her cattle – they drowned in the massive flooding. I found similar stories in Pasadena (5-6 staff) and one in Humble.

○ **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:**

- Change Happens! (Houston): The agency has been working to provide support. They provide programming in schools and many students were displaced. They have been contacting students and their families as well as teachers to see what is needed in regards to essential items and services.
- Bee Busy Learning Academy (Houston ): The agency is open but programming was affected. The grantee is an Adolescent Pregnancy Prevention grantee and a Federally Qualified Health Center. They have been providing free medical services to those who have been affected via a mobile unit in the Aldine School District. The agency is open, but programming was affected due to the hurricane and the timeline for the pilot program implementation has been pushed back.
- Ambassadors for Christ (Houston ): suffered some material losses but all staff are safe. The grantee is now able to enter their drop in and resource center to assess all the damages and losses. Unfortunately, they were the victims of looting as well flood damages.

○ **Office of Community Services/Social Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Community Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- Texas Department of Housing and Community Affairs (TDHCA) reported on 9 October that 90 households had received disaster assistance. Approximately \$30,000 in LIHEAP funds were used for this purpose.

○ **Office of Child Support Enforcement:**

- Houston West 613 is closed until further notice but all other offices are open.

○ **Office of Family Assistance/Temporary Assistance for Needy Families:**

- No programmatic impacts to report at this time.

○ **Office of Trafficking in Persons:**

- Monitoring needs from grantees and sub grantees.

Do you have time on Monday or Tuesday to meet with me to discuss the process? I could also meet this afternoon if that is more convenient.

Thanks very much.

<b>Subject:</b>	Hurricane Harvey: Please update by 1200 ET (WED 9/20) - ACF Program Updates
<b>Date:</b>	2017/09/20 09:11:03
<b>Priority:</b>	Normal
<b>Type:</b>	Note

Good Morning,

Please send your program updates to the ACF Watch Officer ([hswatchofficer@acf.hhs.gov](mailto:hswatchofficer@acf.hhs.gov)) by **1200PM EST, today Wednesday 9/20**. Below is what was reported in the last SITREP. If you do not have any new information to report, please reply, "Nothing new to report." Attached are the program specific disaster information collection plans for offices that currently have one – the information captured through the use of the collection plans assists us with informing partners of ACF programmatic impacts.

If you have new information, please edit (in blue) what we have below and reply back. If you need any assistance feel free to reach out to the watch officer or the Region 6, Regional Emergency Management Specialist (REMS) Amy Grissom ([amy.grissom@acf.hhs.gov](mailto:amy.grissom@acf.hhs.gov)).

**OHSEPR will reach out again next week Wednesday 9/27.**

Thank you!

-----

## **From ACF SITREP 11**

### **Programmatic Impacts**

- **Office of Refugee Resettlement/Unaccompanied Alien Children:**
  - No programmatic impacts to report at this time.
- **Office of Refugee Resettlement/Refugees Program:**
  - Texas Regional Replacement Designee (RRD) Lead YMCA of Greater Houston reports the following:
    - Refugee resettlement agencies in Houston continue to contact clients and conduct home visits to complete need assessments.
    - Assisting refugee clients with registering for FEMA assistance and referring them to other resources in the community.
    - Assisting clients with translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
    - Referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
    - Communicating with Employers to assist clients in regaining their jobs.
    - Meeting with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
  - Texas RRD Lead is reporting that for those refugees that were evacuated from their apartment complexes, agencies have connected those clients to shelters,

- donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
- URD is reporting that URM in foster care and those in Supervised Independent Living (SIL) all are safe in their residence.
- Texas Medical Replacement Designee (MRD) is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
- Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees expressing needs such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent.
- **Administration for Native Americans:**
  - No programmatic impacts to report at this time.
- **• Office of Child Care:**
  - Texas Workforce Commission, CCDF Lead Agency and DFPS-Child Care Licensing continue to closely coordinate child care activities in the Declared Disaster Counties as well as an additional 34 counties, with a focus on licensed providers that serve CCDF eligible families.
  - Responses to DFPS Child Care Licensing (CCL) surveys to child care providers are increasing daily.
  - Contacts are pending with 400 providers; should be completed 9/15 or 9/18.
  - Within the 39 Disaster Declared counties, 419 providers (centers and homes) are closed.
  - CCDF Lead Agency is internally reviewing requests for three waivers: 12-Month Eligibility, Match Requirement, Documentations for eligibility.
  - There may be additional CCDF waiver requests relating to licensing - health and safety requirements, such as timeliness of inspections.

The following was obtained from information received from Texas Department of Protective and Regulatory Services (DFPS) Child Care Licensing (CCL):

- 483 facilities are operational – changing daily
- 419 Non-operational Child Care Facilities with a total of 36,201 enrolled children
- 400 child care providers in the impacted area could not be reached.

- **Office of Head Start:**

- There are currently 344 centers in the impacted zone with 22,601 slots. 46 centers are confirmed closed in the impacted area affecting 2,766 slots. An additional 49 centers have undetermined status, affecting 3,646 slots. Currently, it is undetermined when all of the impacted centers will reopen.

- **ACYF/Children's Bureau:**

- There are now only 4 general residential child care operations (shelters, basic foster care facilities) that continue to remain away from their primary location and are housed at other facilities. There is 1 residential treatment facility (for emotional and behavior challenged children and youth) that remain evacuated.
- Monitoring and assessing what support and coverage is needed for each area going forward.
- We have contacted Florida CPS regarding 39 children we have placed there. We have established a contact point with the Director of Child Welfare practice at the Department of Child and Family Services. Local community based care entities work with placements in Florida to establish evacuation plans etcetera. Our contact at their state office will facilitate us getting quick information to confirm the status of our children after the storm passes. We made a plan for quickly requesting courtesy visits when families in any stage of service are identified who have moved.
- Prevention and Early Intervention (PEI) continues to be in touch with its provider network. As expected, the status of providers in storm affected communities varies greatly. Some have already resumed service delivery, but others have been displaced.
- Due to displaced families and providers, PEI is trying to manage expectations regarding outputs and outcomes. PEI is also going to report on the impact of the storm on PEI outputs and outcomes to state and federal funders.
- PEI is rolling out a biweekly survey to providers next week and information gathered will be used to help gain a better understanding and formulate a response to the changing situation on the ground.
- PEI has been broadly sharing resources for helping children cope with trauma in the wake of a hurricane. In addition, the closing keynote speakers at the Partners in Prevention conference (October 3-5 in San Antonio) will directly address trauma stemming from natural disasters.
- PEI staff met with federal Health Resources & Services Administration partners in Washington, DC along with counterparts from Louisiana, Puerto Rico and Florida to talk about the needs of home visiting clients and providers, as well as the need for additional funding and flexibility going forward.

- **Family and Youth Service Bureau/Runaway and Homeless Youth:**

- No programmatic impacts to report at this time.
- **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**
  - Beaumont: Closed indefinitely due to flooding in the Beaumont area.
- **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:**
  - Change Happens! (Houston): The agency has been working to provide support. They provide programming in schools and many students were displaced. They have been contacting students and their families as well as teachers to see what is needed in regards to essential items and services.
  - Bee Busy Learning Academy (Houston ): The agency is open but programming was affected. The grantee is an Adolescent Pregnancy Prevention grantee and a Federally Qualified Health Center. They have been providing free medical services to those who have been affected via a mobile unit in the Aldine School District. The agency is open, but programming was affected due to the hurricane and the timeline for the pilot program implementation has been pushed back.
  - Ambassadors for Christ (Houston ): Awaiting an update.
- **Office of Community Services/Social Services Block Grant:**
  - On September 14, 2017, the State of Louisiana stated while there was some damage in the southwestern portion of the state, Hurricane Harvey was not as great a threat that was anticipated or was forecasted for Louisiana. However, the state provided sheltering for a few thousand Texas residents due to Harvey's impact.
- **Office of Community Services/Community Services Block Grant:**
  - No programmatic impacts to report at this time.
- **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**
  - No programmatic impacts to report at this time. The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. The Louisiana Housing Corporation (LHC) has not received any request for Low Income Home Energy Assistance Program (LIHEAP) funds for Hurricane Harvey as of yet. The agency will allow funds to be used for items identified in the LIHEAP Disaster Management Policies if they receive any calls or requests.
- **Office of Child Support Enforcement:**
  - Texas has not requested any assistance. All coastal offices are closed. The automated part of child support work continues. Establishing orders and paternity continues to be impacted.
- **Office of Family Assistance/Temporary Assistance for Needy Families:** No programmatic impacts to report at this time.
- **Office of Trafficking in Persons:**
  - Still monitoring needs from grantees and sub grantees.

- OTIP received inquiry from the office of Mayor Sylvester Turner (Houston) on whether the Office on Trafficking in Persons (OTIP) can provide training and technical assistance on human trafficking in the aftermath of Harvey; training logistics and final decision pending.
  - Emergency TTA request will be fulfilled by OTIP's TTA provider, The National Human Trafficking Training and Technical Assistance Center (NHTTAC). NHTTAC has already contacted Mayor Turner's office for this assistance.

Dear Colleagues,

Today's Wellness Wednesday provides guidance on influenza management and vaccination.

**Q: What is "the flu"?**

A: Influenza (flu) is a contagious respiratory illness caused by influenza viruses. Typically, people with influenza will suddenly develop a fever (temperature of 100°F [37.8°C] or greater), cough, sore throat, runny nose, muscle aches, or headache. Younger children may also have vomiting and diarrhea. Influenza viruses are spread mainly from person to person through droplets from coughing or sneezing.

**Q: What is “ILI”?**

A: ILI or influenza-like illness, is defined as a fever (temperature of 100°F [37.8°C] or greater) **plus** either cough or sore throat, without a known cause other than influenza.

**Q: Should a child with fever *and* cough or sore throat (that is, ILI) be tested?**

A: Yes, the child should be tested for influenza. However, rapid influenza tests can produce false negative results. Therefore, a child may have influenza even if the rapid influenza test is negative.

**Q: What should we do if we have a child with influenza or ILI?**

A: Manage children with influenza or ILI as follows:

- Children diagnosed with influenza or ILI should be isolated while febrile and until 24 hours have passed since the fever ended; a mask does not need to be worn during isolation.
- Children with ILI or confirmed influenza can be isolated together as a group; however, if space is available, it is preferable to cohort children with influenza and ILI separately.
- Treat symptomatically (e.g., anti-fever medications, fluids, rest) if child is otherwise healthy. A child should be treated with antiviral medications within 48 hours of symptoms onset only if the child is at high risk for complications of influenza (e.g., younger than 2 years of age, hospitalized, is pregnant, has chronic disease, including asthma, etc.). More information on treating influenza and ILI with antivirals can be found at: <https://www.cdc.gov/flu/antivirals/whatyoushould.htm>.

**Q: How do I determine who has been exposed?**

A: Exposure is defined as close contact (within about 6 feet) with a person who is infectious with influenza or ILI.

**Q: Do exposed contacts need to be quarantined and/or treated?**

A: No, exposed contacts without symptoms should not be quarantined or treated with antiviral medication if healthy. A healthcare provider may decide to treat exposed high risk children with antivirals to prevent influenza. Exposed children do not need to wear masks. No travel restrictions are needed. Reports on exposed children without symptoms do not need to be entered into the Portal.

**Q: Who should receive the influenza vaccine?**

A: Children ≥ 6 months of age must receive seasonal influenza vaccine. Pregnant girls should receive the vaccine at any time during their pregnancy. Providers should continue to give the influenza vaccine through the end of June, if available. Providers may receive initial stock of the 2017-2018 flu vaccine in August through October; please ensure eligible children receive the vaccine as soon as the provider has it in stock. Children should not have release delayed if the 2017-2018 flu vaccine is not yet available through their provider. All program staff also should receive seasonal influenza vaccine.

Dosing schedule by age-

- Aged 9 years and older should receive one dose
- Aged 6 months-8 years

- Should receive 2 doses if they have received <2 doses before July 1, 2017. The interval between doses should be 4 weeks. However, do not keep children for their second dose if they are otherwise ready for release.
- Should receive one dose if they have received  $\geq 2$  doses before July 1, 2017. These doses do not have to be during the same flu season or consecutive flu seasons.

**Q: Why does a new flu immunization need to be given each year?**

A: The flu vaccine needs to be administered each flu season because it's not unusual for new flu viruses to appear each year. The vaccine components are typically updated each year to match circulating viruses.

**Q: Which influenza vaccine should be given?**

A: For the 2017-2018 season, CDC recommends use of the flu shot (inactivated influenza vaccine or IIV) or the recombinant influenza vaccine (RIV). The nasal spray vaccine, also known as the live attenuated vaccine (LAIV), should not be used during the 2017-2018 season.

**Q: What other interventions can reduce transmission?**

A: Wash hands with soap and water or alcohol-based hand sanitizers, practice cough etiquette (e.g., covering nose and mouth with tissue or arm when coughing or sneezing), and clean surfaces with soap or detergent and water to remove soil and organic matter, followed by any disinfectant.

**Q: How should an ILI or influenza diagnosis be documented in the Portal?**

A: Enter a report in the UAC Portal as follows:

- If the child was diagnosed during the initial medical exam, enter the rapid flu test result in the Laboratory Testing section on the Initial Medical Exam form in the Portal and select *Influenza or Influenza-like illness (ILI)* as a diagnosis under the category "Respiratory/Pulmonary". If lab-confirmed, add the specific type (e.g., Type A) in the "Additional Information" free text field.
- If the child was diagnosed after the initial medical exam, enter a Medical Complaint report with a diagnosis of *Influenza or Influenza-like illness (ILI)* into the Portal. Enter the rapid flu results (positive or negative), including the specific type of flu (e.g., Type A) if positive, in the "Recommendations from healthcare provider" free text field.
- Enter follow-up visits for ILI/flu diagnosis as Update Visit reports in the UAC Portal.
- Upload all associated lab work and forms.

For more information about influenza, go to the CDC website at <http://www.cdc.gov/flu/>.

Thank you!

Ivonne and Michael,

I am writing to provide follow-up guidance from HHS Policy Team on the UC at SWK Casa Las Palmas who has requested abortion services (b)(6) A# (b)(6).

Please see guidance below from Scott Lloyd. It covers next steps. Please let me know if you have any questions but please communicate with the medical provider and management of the shelter regarding these next steps. Don't hesitate to let me know any questions and please have SWK continue to update as plan elements are implemented. (b)(5)

Thank you.

Team:

I just got a request from the HHS Policy Team to put together a call with BCFS to discuss next steps on the UC at BCFS San Antonio campus who is requesting pregnancy termination.

I have been asked to schedule something for after 7PM EST tonight or if not possible tomorrow morning.

Based on travel plans for Jose, I think tonight may be better.

Please stand by for invite for the call.

Thanks,  
Jonathan

Hi Sarah,

Hope your week has gotten off to a good start. I need some more direction on dealing with pregnancy cases and hope that you can provide additional insight/guidance.

Our programs are seeking guidance in terms of what information is permitted to share with pregnant girls in our care. (b)(5)

(b)(5)

(b)(5)

We are requesting the guidance as to be absolutely certain we are doing everything according to policy, but at the same time ensuring that we are doing the right things for these young ladies in our care.

I look forward to hearing back from you on this topic. Thank you!

PRS case accepted due to minor being a pregnant teen. Worker met with the minor and her sponsor on 02/19/2017 for an initial home visit. The minor disclosed that she had decided to have an abortion following her discharge from shelter care. She stated that she thought about her options a great deal and felt that having an abortion was the best choice for her at this time. She stated that she discussed it with her sponsor and he supported her fully in her decision. The sponsor took the minor to complete the procedure at a local clinic. The minor reported that the abortion went smoothly and she had no complications. The minor denied needing any follow-up visits and stated that she was recovering normally and felt well.

 David,

Currently on detail to CFAD, I am working on this case filed by the ACLU against HHS. Anna Marie Bena gave me your name as someone who might be able to help us better understand the practice of transferring UACs for medical services.

Do you have time on Monday or Tuesday to meet with me to discuss the process? I could also meet this afternoon if that is more convenient.

Thanks very much.

Update

Monday March 13, 2017  
0700

Scott Lloyd and (b)(6) met with San Antonio Federal Field Staff Ruben Pelayo, Omar Corrales, Griselda Acuna, and CFS (b)(6) at ORR National Call center. Mr. Lloyd introduced himself and held a discussion concerning his new role in ORR. Mr. Lloyd stated that he will be the new ORR Director and wanted to learn as much as he could while he was in town for the site visit. He was very candid and inquired about topics from the field such as the Termination Process, transfers, and overall program related questions.

Monday March 13, 2017  
0900

Met at BCFS Campus with BCFS Staff, (b)(6) Sonya Thompson, Scott Ollerman, and program staff. Mr. Lloyd led a very robust conversation about his soon to be role as the new ORR Director and asked questions concerning Termination policies, guidance, and follow through from the program level and from ORR. The program proceeded to answer his questions concerning the local Termination Case of (b)(6). We reviewed the updates and UC has decided to continue with the pregnancy and not terminate. Program Case Manager states that the change was due to a conversation with her mother and her mother's experience with an abortion at a young age in the home country. Mom told her Daughter that she lives with guilt, and that an abortion is not the right decision because she will be bothered by her actions forever. Mom did not consent to proceed with abortion. UC decided against the procedure stating it was against their religion. The program also provided an update concerning her reunification, and the plan is still for her to go to her Aunt in (b)(6). UC will be approved with PRS which will be done by BCFS PRS staff. UC may be released as early as next week if all the reunification packet is completed.

1300

Tour St Peter's and St. Joseph's Shelter

Tour and meeting with San Antonio Catholic Charities Vice President Gladis Gonzalez, Shelter staff, and local FFs.

Mr. Lloyd also held a round table discussion with 6 UAC. Mr. Lloyd's intention and goal of meeting was to ask the children about their journeys, life in the home country, and the journey to the U.S. The kids were very talkative and felt very comfortable talking to him and shared their experiences. It was a very productive discussion with the kids as per Mr. Lloyd. The kids did a great job and spoke genuinely about their care and custody. All of the kids said they feel safe and respected at the facility.

Monday March 13, 2017

1430

Tour and UAC meeting at Seton Home Casa de Milagros for pregnant and parenting UAC.

Met with Seton Home Team for tour of the facility. Mr. Lloyd toured the program and met with the current administration, Angelica C and PD Mirasol, at Seton home. The ladies led the tour and had a debriefing with Mr. Lloyd to discuss current pregnancy termination policy at Seton and ORR. Meeting was very productive, and Mr. Lloyd asked many questions about the pro-life philosophy of this current administration and at Seton home under the Catholic Charities umbrella. He was very impressed with the overall program, services, and philosophy of the grantee.

Monday March 13, 2017

1600.

Conclude tours and debrief with Mr. Lloyd.

Tuesday March 14, 2017

0800 meet Mr. Lloyd at hotel.

0900

Met with UAC (b)(6) at the BCFS SAC. (b)(6) and Mr. Lloyd met alone with her for about an hour. Mr. Lloyd made some recommendations to me concerning (b)(6) stay at BCFS. This request was relayed to PD at BCFS by me and will be addressed immediately. The request was for more Honduran food, which is an easy fix because they have a Honduran cook. The other was an uncomfortable bed issue which is also an easy fix. BCFS Regional director will address.

Tuesday March 14, 2017

1000

Mr. Lloyd, FFS J. Gonzalez, and FFS R. Pelayo met with (b)(6) who is a medically fragile case due to (b)(6). She was in great spirits and was very happy about her care. (b)(6) provided Mr. Lloyd her incredible story of her journey to get to the USA and her troubles with her near death, due to her (b)(6). (b)(6) is very intelligent for a (b)(6) year old. She is a survivor, resilient and a champion for herself. She continues to do very well in custody and is currently awaiting a (b)(6). She is greatly appreciative of the help we have given her and looks like any other (b)(6) year old. She is not sad and shows no signs of being ill.

Tuesday March 14, 2017

1100

Met with a group of six boys from BCFS shelter, Staff Secure, and Extended care. The boys answered questions about their journey and the difficult trek to get here. The boys described their desires, hopes, and dreams for their current situation and for the future. One of the boys had actually just received his high school diploma and said he would have never achieved his goals in Mexico. The UC was recruited at the age of [redacted] to work for the [redacted] cartel and now has his [redacted] visa. ORR has changed his life and is so excited about his life. The young man will be enlisting in the armed service to become an engineer. UC's sister has been found, and he will be moving out of custody soon to go to his sister in [redacted]. Mr. Lloyd was very impressed with the UC's determination and equally moved by the others boys' life experiences. Overall, the meetings were very positive and educational for Mr. Lloyd.

Tuesday March 14, 2017

1200

Mr. Lloyd and myself toured the Extended care program on our way out as we hustled to get him to the airport.

Tuesday March 14, 2017

Looping in Jose Gonzalez, the FFS Supervisor.

Spoke with Jose, who'll be the one to meet with you tomorrow AM. He suggests AM meeting at the ORR UC National Call Center, which is centrally located to his office and BCFS. The address of the NCC is 4406 Piedras Drive West, San Antonio, Texas 78228.

Jose is also glad to pick you up at your hotel first thing tomorrow AM, which might be helpful.

I am heading to San Antonio today and will be at the BCFS facility first thing tomorrow to oversee the steps we outlined on Friday.

Please let local field staff know and inquire about the possibility of an early meeting with me tomorrow, I am thinking 07:30 CST. We could meet at my hotel (will send an update on hotel) or at a venue they suggest.

Thank you,

Hi all,

Please review the inquiry and determine what the response should be in this specific case.

Did ORR pay transportation cost in this case?

I am working via cell on this so please excuse any errors.

**Subject:** unaccompanied children transportation costs

**Deadline:** March 23, 2017

**Spokesperson:** ACF

**Query:** I'm working on the story regarding (b)(6) He is the 18 year old who is now accused of rape in Rockville, MD and was previously picked up by border patrol in Texas and detained by ORR for 12 days on August 14th 2016. It's our understanding from (b)(6)'s lawyers that he was reunited with his family in Maryland after being released, taking a flight to Baltimore from Texas. ICE has told us that ORR took part in reuniting (b)(6) with his family in Maryland. I was hoping for some more information on how this played out. Did ORR arrange the flight to Baltimore? Was it a charter or paid flight? Or did his family pay for the flight? Any info is greatly appreciated.

Hello Everyone,

In reviewing the above UAC's files, I came across the email below. Please clarify regarding the gestational age of her pregnancy. Is she (b)(6) weeks, or more like (b)(6) as indicated in the email?

Please forward the case review referenced in this email as soon as possible.

Thank you,

Scott

David,

Currently on detail to CFAD, I am working on this case filed by the ACLU against HHS. Anna Marie Bena gave me your name as someone who might be able to help us better understand the practice of transferring UACs for medical services.

Do you have time on Monday or Tuesday to meet with me to discuss the process? I could also meet this afternoon if that is more convenient.

Thanks very much.

My friends and colleges,

With all the tragedy that has been around us these past weeks, and regardless of the good and bad we have been through together or the challenges we are yet to face, this is a moment we should pause to collectively celebrate as a common victory for all that is good and right.

- **Puerto Rico:**
  - In the mainland towns of Loiza and Luquillo, no major structural damage but there is water damage and fear of mold build up in impacted facilities. Power has not been restored to child care centers.
  - In Vieques (Puerto Rico's sister island), no major structural damage but there is water damage and fear of mold build up in impacted child care facilities.
  - In Culebra (Puerto Rico's sister island), child care centers are not open; there is no electricity or means of communication.
- **Virgin Islands:**

- No updates specific to children and child care closures/damages; however, the curfew on St. Thomas was relaxed overnight so that residents can procure necessities such as food, water and medication; the Child Care Administrator anticipates this will increase the demand for child care services. Assistant Commissioner Evril Powell is scheduled to visit the Islands of St. Tomas and St. John next week to do an assessment of the situation with staff from Head Start program.
- There were approximately 300 Infant Toddlers on all islands of the VI (Subsidy and non-subsidy children) Approximately 279 children are OCC subsidized in St. Thomas, VI; none are subsidized on St. John. Schools are closed. Child Care Center providers are not operational due to damage and lack of access to their facilities. Home providers are not operating due to power loss and extensive damage. Staff have been unable to reach providers in St. Thomas.

#### Region 4

- **Alabama:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet. Poarch Tribe (CCDF grantee) is included in the emergency declaration for Alabama.
- **Florida:** RPM continues to receive information from the state's Office of Early Learning. Damage assessments are beginning in many parts of the state regarding the situation of child care providers. The Miami-Dade Early Learning Coalition has reported that the staff person in the Lower Keys who had been reported missing had been located. In Florida, the Miccosukee tribe, a CCDF Tribal grantee, has power and communications down.
- **Georgia:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet.

#### Early Childhood Development/Office of Head Start:

- Grantees are reporting centers closed or damaged in VI, PR, FL, GA, and SC as a result of Hurricane Irma. We are also assessing for possible center closures or damage in AL and TN, but so far have not had any reports of center closures in these states. This list includes a number of states that are not in the FEMA disaster declared locations. Until more information is available on the impacted area, OHS is reporting the total number of centers in each state with a break out of open, closed, and undetermined. The total number of centers will decrease as we learn more about which counties were impacted.

	Total Centers	Centers Open	Centers Closed	Centers Undetermined
--	------------------	-----------------	-------------------	-------------------------

VI	8	0	8	0
PR	1,090	403	457	230
FL	921	20	801	100
GA	371	119	105	147
SC	192	152	13	27
<b>Total</b>	<b>2,582</b>	<b>694</b>	<b>1,384</b>	<b>504</b>

#### **Family and Youth Services Bureau /Adolescent Pregnancy Prevention:**

- Virgin Islands: The grantee plans on checking in with the schools this week to see when implementation can occur. It is currently unknown when schools will reopen on the islands of St. Thomas and St. John.
- Grantee Unity in Williston, FL: Reports not having any damage. The agency is closed this week until they are able to obtain power and can contact other agencies.
- Children's Home Society in Winter Park, Florida: The grantee's email server and power are on intermittently at this time. Their offices were closed through Wednesday and their plan was to open Thursday. A full assessment of their campus/buildings/property/network is ongoing. They are not requesting any funding assistance at this time.
- Schools in Broward County, Florida are currently closed until further notice. The Project Officer is waiting to hear back from the grantee on the status of the community based organizations.

#### **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- The Florida Domestic Violence (DV) Hotline is established. Several locations are without power. Initial damage assessments continue and more information will be provided upon receipt.
- In Georgia, coastal safe homes were evacuated. A few shelters in southern and middle Georgia had to evacuate to community shelters due to power outages. There have been no requests for assistance thus far.
- In the Virgin Islands, the main shelter on St. Croix is operating but has no electricity. Additional information is forthcoming.
- Staff are being rostered to deploy to DV shelters after the storm to work in shelters across the state in anticipation of a surge in clients.

- 1 DV Shelter in South Carolina has evacuated its population (6) inland.

**Family and Youth Service Bureau/Runaway and Homeless Youth:**

- Runaway and Homeless Youth services are in place and operational.

**Office of Child Support Enforcement:**

**Region 2:**

- Virgin Islands status: St. Thomas office closed until further notice.

**Region 4:**

- Georgia – The Savannah child support office is closed this week.
- South Carolina – As of September 12, the Charleston office was closed until public service crews finish clearing.
- storm drains, removing water, and mud from roadways. The call center is still operational.
- Alabama – State and county offices are operational.
- Florida - <http://floridarevenue.com/emdisaster/Pages/EmergencyDisaster.aspx> for updates
- North Carolina - Eastern Band of Cherokee Indians is without power and their child support office is closed.

**Office of Community Services/Social Services Block Grant:**

- Region 4: Nothing to report.
- Region 2: Unable to make contact with Puerto Rico and the US Virgin Islands.

**Office of Community Services/Community Services Block Grant:**

- Nothing to report.

**Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- Florida - The State's disaster management plan and the Governor's Executive Order 17-235 will activate the release to spend weather/shortage related funds to the LIHEAP providers. Division of Energy Assistance is currently following up with DEO to determine if the state has activated its plan to release weather related/supply shortage funds to the LIHEAP providers.
- Puerto Rico
  - Currently providing services to evacuees from other islands. According to Puerto Rican officials, many evacuees do not have documentation to prove their U.S. Citizenship or qualified alien status. Puerto Rico will seek guidance on this matter.
  - As of Wednesday, September 13, 2017, the territory has been helping evacuees from their islands as well as from non-Puerto Rico areas. Some of the evacuees may include non-US citizens. These evacuees are housed in public buildings. At this time, Puerto Rico does not have the capacity to determine the eligibility of these evacuees since they are not carrying anything but their clothes. The Division of Energy Assistance (DEA) advised them that they have the option of obligating 100% of their federal fiscal year (FY) 2017 funds by September 30, 2017 or carryover not more than 10% of the funds to FY 2018 to support program start-up costs. Puerto Rico is reviewing OCS LIHEAP Disaster Management policies and procedures to determine how LIHEAP funds could be obligated for home energy related disaster management activities. DEA expects to receive a written plan soon.
  - Plan to update their 2017 policies and LIHEAP Plan to support LIHEAP crisis related allocations.

**Office of Family Assistance/Temporary Assistance for Needy Families:**

- Nothing to report.

**Office of Refugee Resettlement/Unaccompanied Alien Children:**

- ORR is collaborating with the US Department of Labor and with ORR's wraparound services contractor to conduct post-storm damage assessments on DOL's former Job

Corps site in Homestead, Florida, which is ORR's influx contingency site. The site is in warm status and does not currently shelter UAC or contain active, funded beds.

- ORR has confirmed two residential shelter programs were not significantly damaged and will reopen when power is restored.

#### **Office of Refugee Resettlement/Emergency Repatriation:**

- As of 9:00 pm ET on 14Sep17 ACF in partnership with the Government of Puerto Rico, continues to provide information regarding repatriation services to evacuees arriving in San Juan from Saint Martin, Anguilla and the British Virgin Islands. ORR, ASPR, and PR received one flight from St. Martin, one flight from British Virgin Islands, and one flight from Anguilla. DOS reports there are no DOS citizen evacuation flights scheduled for September 15. Humanitarian flights may continue to operate. There were 575 repatriates received 14Sep17 and a total of 30 receiving loan services. To date there has been a total of 2,646 individuals repatriated.

#### **Office of Trafficking in Persons:**

- No Requests for assistance at this time.
- Georgia
  - Catholic Charities of Atlanta was closed on 9/12.
  - Trafficking Victim Assistance Program (TVAP) grantee closed at this time and staff are working remotely.
- Florida
  - No updates from subgrantees; continuing to monitor.

Kevin,

You are so right. Tuesday I briefed ACF senior leadership on UAC issues, as I do each week, and I saved this news for last--since it is rare that I have good news to tell, and this is very good news.

I am proud of what ORR and BCFS have made possible for this child.

Thank you for the continued updates.

## Programmatic Impacts

- **Office of Refugee Resettlement/Unaccompanied Alien Children:**
  - No programmatic impacts to report at this time.
- **Office of Refugee Resettlement/Refugees Program:**
  - Texas Regional Replacement Designee (RRD) Lead YMCA of Greater Houston reports the following:
    - Refugee resettlement agencies in Houston continue to contact clients and conduct home visits to complete need assessments.
    - Assisting refugee clients with registering for FEMA assistance and referring them to other resources in the community.
    - Assisting clients with translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
    - Referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
    - Communicating with Employers to assist clients in regaining their jobs.
    - Meeting with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
  - Texas RRD Lead is reporting that for those refugees that were evacuated from their apartment complexes, agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
  - URD is reporting that URM in foster care and those in Supervised Independent Living (SIL) all are safe in their residence.
  - Texas Medical Replacement Designee (MRD) is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
  - Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees expressing needs such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent.
- **Administration for Native Americans:**
  - No programmatic impacts to report at this time.
- **Office of Child Care:**

The following was obtained from information received from Texas Department of Protective and Regulatory Services (DFPS) Child Care Licensing (CCL):

- • All child care operations in the 39 disaster counties have been contacted;
- • 513 child care operations are closed;
- • 42,309 potentially displaced children based on capacity;
- • Licensing staff continue to work with providers to conduct abbreviated inspections to assess health & safety and provide technical assistance;
- • Licensing staff from other districts are being deployed to Houston to help with routine monitoring inspections.
- **Office of Head Start:**
  - There are currently 344 centers in the impacted zone with 22,601 slots. 13 centers are confirmed closed in the impacted area affecting 1,143 slots. An additional 19 centers have undetermined status, affecting 731 slots. Currently, it is undetermined when all of the impacted centers will reopen.
- **ACFY/Children's Bureau: Nothing new to Report**
  - There are now only 4 general residential child care operations (shelters, basic foster care facilities) that continue to remain away from their primary location and are housed at other facilities. There is 1 residential treatment facility (for emotional and behavior challenged children and youth) that remain evacuated.
  - Monitoring and assessing what support and coverage is needed for each area going forward.
  - We have contacted Florida CPS regarding 39 children we have placed there. We have established a contact point with the Director of Child Welfare practice at the Department of Child and Family Services. Local community based care entities work with placements in Florida to establish evacuation plans etcetera. Our contact at their state office will facilitate us getting quick information to confirm the status of our children after the storm passes. We made a plan for quickly requesting courtesy visits when families in any stage of service are identified who have moved.
  - Prevention and Early Intervention (PEI) continues to be in touch with its provider network. As expected, the status of providers in storm affected communities varies greatly. Some have already resumed service delivery, but others have been displaced.
  - Due to displaced families and providers, PEI is trying to manage expectations regarding outputs and outcomes. PEI is also going to report on the impact of the storm on PEI outputs and outcomes to state and federal funders.
  - PEI is rolling out a biweekly survey to providers next week and information gathered will be used to help gain a better understanding and formulate a response to the changing situation on the ground.
  - PEI has been broadly sharing resources for helping children cope with trauma in the wake of a hurricane. In addition, the closing keynote speakers at the

Partners in Prevention conference (October 3-5 in San Antonio) will directly address trauma stemming from natural disasters.

- PEI staff met with federal Health Resources & Services Administration partners in Washington, DC along with counterparts from Louisiana, Puerto Rico and Florida to talk about the needs of home visiting clients and providers, as well as the need for additional funding and flexibility going forward.
- **Family and Youth Service Bureau/Runaway and Homeless Youth:**
  - No programmatic impacts to report at this time.
- **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**
  - Beaumont: Closed indefinitely due to flooding in the Beaumont area.
- **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:**
  - Change Happens! (Houston): The agency has been working to provide support. They provide programming in schools and many students were displaced. They have been contacting students and their families as well as teachers to see what is needed in regards to essential items and services.
  - Bee Busy Learning Academy (Houston ): The agency is open but programming was affected. The grantee is an Adolescent Pregnancy Prevention grantee and a Federally Qualified Health Center. They have been providing free medical services to those who have been affected via a mobile unit in the Aldine School District. The agency is open, but programming was affected due to the hurricane and the timeline for the pilot program implementation has been pushed back.
  - Ambassadors for Christ (Houston ): Awaiting an update.
- **Office of Community Services/Social Services Block Grant:**
  - On September 14, 2017, the State of Louisiana stated while there was some damage in the southwestern portion of the state, Hurricane Harvey was not as great a threat that was anticipated or was forecasted for Louisiana. However, the state provided sheltering for a few thousand Texas residents due to Harvey's impact.
- **Office of Community Services/Community Services Block Grant:**
  - No programmatic impacts to report at this time.
- **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**
  - No programmatic impacts to report at this time. The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. The Louisiana Housing Corporation (LHC) has not received any request for Low Income Home Energy Assistance Program (LIHEAP) funds for Hurricane Harvey as of yet.

The agency will allow funds to be used for items identified in the LIHEAP Disaster Management Policies if they receive any calls or requests.

○ **Office of Child Support Enforcement:**

- Texas has not requested any assistance. All coastal offices are closed. The automated part of child support work continues. Establishing orders and paternities continues to be impacted.

○ **Office of Family Assistance/Temporary Assistance for Needy Families:** No programmatic impacts to report at this time.

○ **Office of Trafficking in Persons:**

- Still monitoring needs from grantees and sub grantees.
- OTIP received inquiry from the office of Mayor Sylvester Turner (Houston) on whether the Office on Trafficking in Persons (OTIP) can provide training and technical assistance on human trafficking in the aftermath of Harvey; training logistics and final decision pending.
  - Emergency TTA request will be fulfilled by OTIP's TTA provider, The National Human Trafficking Training and Technical Assistance Center (NHTTAC). NHTTAC has already contacted Mayor Turner's office for this assistance.

Kevin,

Thanks for sending the SitRep. Gave us more updated details than we had gotten yet through their channels.

Yes, this is on of the stories we can all feel really positive about.

Thanks for everything.

**Subject:** Hurricane Harvey: Please update by 1:00PM ET (WED 10/11) - ACF Program Updates

Good Morning,

Please send your program updates to the ACF Watch Officer ([hswatchofficer@acf.hhs.gov](mailto:hswatchofficer@acf.hhs.gov)) by **1:00PM EST, today Wednesday (October 10<sup>th</sup>)**. Below is what was reported in last Wednesday's SITREP (October 4<sup>th</sup>). If you do not have any new information to report, please reply, **"Nothing new to report."**

**Frequency:** Requests for information regarding program impacts will be sent out on Wednesdays.

If you have new information, please edit what we have below and reply back. If you need any assistance feel free to reach out to the watch officer or the Region 6, Regional Emergency Management Specialist (REMS) Amy Grissom ([amy.grissom@acf.hhs.gov](mailto:amy.grissom@acf.hhs.gov)).

Thank you!

### Programmatic Impacts

- **Office of Refugee Resettlement/Unaccompanied Alien Children:**
  - No programmatic impacts to report at this time.
- **Office of Refugee Resettlement/Refugees Program:**
  - Texas Regional Replacement Designee (RRD) Lead YMCA of Greater Houston reports the following:

- Refugee resettlement agencies in Houston continue to contact clients and conduct home visits to complete need assessments.
- Assisting refugee clients with registering for FEMA assistance and referring them to other resources in the community.
- Assisting clients with translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
- Referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
- Communicating with Employers to assist clients in regaining their jobs.
- Meeting with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
- Texas RRD Lead is reporting that for those refugees that were evacuated from their apartment complexes, agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
- URD is reporting that URM in foster care and those in Supervised Independent Living (SIL) all are safe in their residence.
- Texas Medical Replacement Designee (MRD) is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
- Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees expressing needs such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent.
- **Administration for Native Americans:**
  - No programmatic impacts to report at this time.
- **• Office of Child Care:**

The following was obtained from information received from Texas Department of Protective and Regulatory Services (DFPS) Child Care Licensing (CCL):

  - • All child care operations in the 39 disaster counties have been contacted;
  - • 513 child care operations are closed;
  - • 42,309 potentially displaced children based on capacity;
  - • Licensing staff continue to work with providers to conduct abbreviated inspections to assess health & safety and provide technical assistance;
  - • Licensing staff from other districts are being deployed to Houston to help with routine monitoring inspections.
- **Office of Head Start:**

- There are currently 344 centers in the impacted zone with 22,601 slots. 14 centers are confirmed closed in the impacted area affecting 1,200 slots. Currently, it is undetermined when all of the impacted centers will reopen.
- **ACFY/Children's Bureau:**
  - There are now only 4 general residential child care operations (shelters, basic foster care facilities) that continue to remain away from their primary location and are housed at other facilities. There is 1 residential treatment facility (for emotional and behavior challenged children and youth) that remain evacuated.
  - 39 children were placed with Florida CPS. We have established a contact point with the Director of Child Welfare practice at the Department of Child and Family Services. Local community based care entities work with placements in Florida to establish evacuation plans etcetera. Our contact at their state office will facilitate us getting quick information to confirm the status of our children after the storm passes. We made a plan for quickly requesting courtesy visits when families in any stage of service are identified who have moved.
- **Family and Youth Service Bureau/Runaway and Homeless Youth:**
  - No programmatic impacts to report at this time.
- **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**
  - All programs are fully operational.
  - 32 providers/programs were affected (this does not include shelters that received evacuees from other DV shelters).
  - Programs experienced varying degrees of impact to their infrastructure, most were relatively modest. Some experienced damage to furniture, appliances and files because of flooding.
  - Transitional housing inventory in the greater Houston area has gone from slim to almost none. This has the potential to extend shelter stays for some clients.
  - Due to generosity of many people, providers seem well stocked on food, water, diapers.....some had specific food and over the counter needs but basic staples are covered.
  - Mary Kay provided \$250,000 to support affected programs with immediate needs. Providers were given an opportunity to submit a one page application indicating needs.
  - Verizon provided \$50,000 for more nuanced supply and operational needs. With 32 programs affected, the \$50k will not go too far.
  - Information from program staff:
    - Program staff have been directly impacted. I spoke to two Beaumont staff that lost everything. One individual lost her home and all her possessions. She left her home to check on her family in Jasper but

her boyfriend stayed behind. Their house had 7 feet of water and her boyfriend spent 4 days in water before he was rescued. He remains ill. She has been instrumental in getting donations to the program and in spite of her personal situation she worried about the agency. Another staff person had a similar story but added she lost all her cattle – they drowned in the massive flooding. I found similar stories in Pasadena (5-6 staff) and one in Humble.

○ **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:**

- Change Happens! (Houston): The agency has been working to provide support. They provide programming in schools and many students were displaced. They have been contacting students and their families as well as teachers to see what is needed in regards to essential items and services.
- Bee Busy Learning Academy (Houston ): The agency is open but programming was affected. The grantee is an Adolescent Pregnancy Prevention grantee and a Federally Qualified Health Center. They have been providing free medical services to those who have been affected via a mobile unit in the Aldine School District. The agency is open, but programming was affected due to the hurricane and the timeline for the pilot program implementation has been pushed back.
- Ambassadors for Christ (Houston ): suffered some material losses but all staff are safe. The grantee is now able to enter their drop in and resource center to assess all the damages and losses. Unfortunately, they were the victims of looting as well flood damages.
- Trinity Church CPREP Miami, FL: The North Miami Campus sustained substantial damage and is closed for repairs. The campus is Trinity Church's facility where the grantee hold program-related trainings and classes for summer implementation. The church roof and the steeple fell in and as a result the sanctuary sustained substantial water damage to the interior. The grantee is working on sending an estimate to the program office.
- Florida State Abstinence grantee reports that all is going well. The grantee sent out messages to all of their providers to check on them and has gotten feedback from a majority of them, most have reported that there was not damage to program equipment and materials. However, many providers will not be able to conduct classes they had scheduled for September.

○ **Office of Community Services/Social Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Community Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- No programmatic impacts to report at this time.

- The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. The Louisiana Housing Corporation (LHC) has not received any request for Low Income Home Energy Assistance Program (LIHEAP) funds for Hurricane Harvey as of yet. The agency will allow funds to be used for items identified in the LIHEAP Disaster Management Policies if they receive any calls or requests.
- **Office of Child Support Enforcement:**
  - Houston West 613 is closed until further notice but all other offices are open.
- **Office of Family Assistance/Temporary Assistance for Needy Families:**
  - No programmatic impacts to report at this time.
- **Office of Trafficking in Persons:**
  - Monitoring needs from grantees and sub grantees.

Good afternoon all. (b)(6) is being released as of this email. The BCFS APD, Ms. (b)(6) APD called the agency that was referred by Mr. Lloyd and was able to make contact. The agency Mr. Lloyd referred might be too far from minor's home but they referred her to a place that is in (b)(6) where minor is going to reside. (b)(6) contacted them as well. The place is called Hope Restored for Life and they offer free services. The program provides prenatal and parenting education, sexual health education, relationship and family support counseling, referrals regarding community and educational services (WIC, Medicaid, etc.). When available they assist with maternity and baby clothes as well.

Ms. (b)(6) spoke to La. staff (b)(6) and (b)(6) at Hope Restored for Life. The staff in La. state that they will refer (b)(6) to a program that offers the services 100% in Spanish to better serve her. She stated that she would also connect BCFS post release services to this program (b)(6) and (b)(6) stated they will also assist finding an interpreter for her services.

Contact information has been provided to PRS provider so that they can coordinate with the sponsor and minor, to agree on a good date and time for her appointment.

Please let me know if you all have any more questions.

<b>Subject:</b>	Please update by 1200 ET (Tue 9/12) - ACF Program Updates for Hurricane Harvey
<b>Date:</b>	2017/09/12 08:14:26
<b>Priority:</b>	Urgent
<b>Type:</b>	Note

Good Morning,

Please send your program updates to the ACF Watch Officer ([hswatchofficer@acf.hhs.gov](mailto:hswatchofficer@acf.hhs.gov)) by **1200PM EST, today Tuesday 9/12**. Below is what was reported in the last SITREP. If you do not have any new information to report, please reply, "Nothing new to report." Attached are the program specific disaster information collection plans for offices that currently have one – the information captured through the use of the collection plans assists us with informing partners of ACF programmatic impacts.

If you have new information, please edit what we have below and reply back. If you need any assistance feel free to reach out to the watch officer or the Region 6, Regional Emergency Management Specialist (REMS) Amy Grissom ([amy.grissom@acf.hhs.gov](mailto:amy.grissom@acf.hhs.gov)).

**OHSEPR will reach out 2x during the week to programs that continue to report impacts. Offices that are reporting no impacts will be contacted once to ensure that nothing has changed.**

Thank you!

## From ACF SITREP 9

### Programmatic Impacts

- **Office of Refugee Resettlement/Unaccompanied Alien Children:** No programmatic impacts to report at this time. In the Houston area, there are 5 shelters and 194 UAC. All ORR staff and UAC are safe and accounted for. There have been no requests for assistance, no shortfalls, and no critical concerns. ORR has now discontinued reporting on UAC residential programs in Texas as operations have returned to normal. This is the final program update from ORR/UAC for Hurricane Harvey.
- **Administration for Native Americans:** No programmatic impacts to report at this time.
- **Office of Child Care:** The following inputs are from OCC coordinating outreach and assessments of child care facilities in Texas:
  - 74 counties have been impacted
  - 307 facilities are non-operational
  - 760 Operational Child Care Facilities with a total of 16,659 enrolled children
  - 29 Before/After School Programs • 1,240 Children Enrolled
  - 497 Child Care Centers • 14,915 Children Enrolled
  - 234 Family Child Care Homes • 504 Children Enrolled
  - Facility Damage by Type
  - 67 flooded
  - 26 Structural Damage
  - 32 No sanitary water
  - 253 Other Damage (not specified)
  - 460 No Damage
- **Office of Head Start:** There are currently 321 centers in the impacted zone with 21,450 slots. 89 centers are confirmed closed in the impacted area affecting 5,500 slots. Currently, it is

undetermined when all of the impacted centers in TX will reopen; however, a few reopened on 9/5/17 and more are anticipating reopening 9/11/17.

- **ACFY/Children's Bureau:**

Team Adam has completed their assessment of reunification needs for children in the Dallas and Houston areas, including discussions with Red Cross, local shelters and local law enforcement/emergency management teams. They aren't seeing any urgent reunification needs. The Team will not fully activate due to lack of demand for their services but will be

available to activate at any time for any needs that may arise. While in Texas they have assisted with coordination of an improved electronic system for tracking people moving between shelters in Texas and from Louisiana to Texas and this is assisting with reunifications.

Quick snapshot of workforce. Just looking at caseworkers and supervisors only for investigations, FBSS and conservatorship, we have approximately the following percentages not returning to work at this time:

Region 5: 13.20%

Region 6A: 10.5% (some Houston staff anticipated to return when school starts next week)

Region 6B: 14.2% Region 11: .7%

FEMA has authorized DFPS to search their database for clients we are unable to locate. This will include anyone who has registered a need for FEMA resources as a result of the storm, not just people who entered a shelter. This research will start later this week.

• **Family and Youth Service Bureau/Runaway and Homeless Youth: (No Updates Reported; Information from 9/5/2017 – SITREP #6)** The grantee in Portland, TX (Connections) formally request RHY/FYSB federal assistance on Thursday, August 31, 2017.

• **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- Beaumont: 9-6-17- The staff found mold in the kitchen of the shelter and will need to replace the sheetrock. A contractor will come out tomorrow to assess the damage, but are hopeful to replace the materials and open shelter on 9/11/17. Food banks should be delivering food and water today. Conducting final walk through to assess damages, but are hopeful to open one wing of the shelter on 9/7/17. Experienced roof and drainage system damage, but only had an inch of water and were able to pump it out. Shelter is in great need of linen items (shelters, blankets, pillows, pillow cases) and towels, wash clothes and other toiletry items. Closed indefinitely due to flooding in the Beaumont area.

- Victoria: Fully operational. Shelter and Nonresidential center are now open, due to power outages. Clients were evacuated to other shelter centers. The shelter is not taking any new clients, working on getting previous clients transported back.

- Angleton: Shelter opened on 9/5/17. Clients will be transported back to the shelter on 9/8/17.

- Bay City: Fully operational Shelter reopened on 9/2/17 and nonresidential center opened on 9/5/17

- Non-residential Only Program: ▪ Houston: Fully operational Opened on 9/5/17

• **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:** No programmatic impacts to report at this time. Continuing to assess the needs of grantees to determine the level of effort that may be necessary to support implementation of projects after the flood waters have receded. Some areas are still experiencing flooding. Many of the grantees in the Houston and surrounding flood areas have not had an opportunity to assess their offices and program implementation sites and have not been able to provide estimates of the damage. All program staff have been accounted for and there has been no new updates reported.

• **Office of Community Services/Social Services Block Grant:** No programmatic impacts to report at this time.

• **Office of Community Services/Community Services Block Grant:** No programmatic impacts to report at this time.

• **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:** No programmatic impacts to report at this time. The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. Their ability to mobilize resources is somewhat limited due to extreme flooding situations in the Houston, Corpus Cristy, Victoria, and Gulf Coast areas. On August 29th, TDHCA held a conference call with LIHEAP and CSBG programs to discuss disaster funding options they have under flexibilities allowed in both programs. TDHCA would be programming any unused and/or unobligated 2016 or 2017 LIHEAP program and some LIHEAP administration funds, for use in the disaster counties. Allocation will be based on a methodology for fund distribution in Harris and other affected counties. This proposed action will be posted for seven days for comments and a public hearing opportunity was planned to take place at the September 7, 2017, meeting of the TDHCA Board of Directors. The Louisiana Housing Corporation (LHC) has not received any request for LIHEAP funds for Hurricane Harvey as of yet. Should they get any calls or requests, the agency will allow funds to be used for items identified in LIHEAP Disaster Management Policies.

• **Office of Child Support Enforcement: (No Updates Reported; Information from 9/5/2017 – SITREP #6)** Texas hasn't requested any assistance. All coastal offices are still closed with no open date in site. The automated part of child support work continues. It is establishing orders and paternities that will be severely impacted in the coming weeks and possibly months.

• **Office of Family Asssistance/Temporary Assistance for Needy Families:** No programmatic impacts to report at this time.

• **Office of Trafficking in Persons:** No programmatic impacts to report at this time.

Dear Ms. Myers:

We recently made a difficult and important decision to terminate the employment of two of our employees working at the (b)(6) site. We are confident in our reasons for having made that decision. Our decision in this case and in others is always focused on providing good and reliable service to you, our customer.

(b)(5)

We hope that you will contact us if you have any questions about any of these issues. I know that our District Manager, (b)(6), has been communicating with you. We will continue to provide additional information as it is available to us.

Thank you

Gil Neuman

<b>Priority:</b>	Urgent
<b>Type:</b>	Note

Good morning,

Below is the information that was reported in Wednesday SITREP. Please update the information and send it back to the watch officer by 1PM ET (9/29/2017). If you have nothing new to report, please respond (nothing new to report).

**Frequency:** Requests for information regarding program impacts will be sent out on **Mondays, Wednesdays and Fridays**. As we move forward in recovery we will reduce the number of requests. We will notify you when that occurs.

-

### **Programmatic Impacts:**

#### **Administration for Native Americans:**

- No program impacts to report in Region 2 or Region 4.

#### **Administration on Children, Youth and Families/Children's Bureau:**

- **Region 2:** Unable to confirm services in place at this time due to lack of communications.
- **Region 4:** Services are in place and operational.

#### **Early Childhood Development/Office of Child Care: Region 2**

- **Puerto Rico:**
  - OCC's RPM has made contact with Christian Beltran who is a sub administrator for ACUDEN (Puerto Rico's lead agency for the CCDF program) in Puerto Rico. He states that they are in survival mode at this point. There are long lines to get gas, water and food. Travel is difficult due to the gas shortage and debris. Much of the island is impassable and they cannot travel due to downed trees and powerlines. The island is without power and the ACUDEN offices have been flooded. Consequently, government offices continue to be closed.
- **Virgin Islands:**
  - Unable to confirm services in place at this time due to lack of communications. There has not yet been contact with the Virgin Islands Child Care Administrator.

#### **Region 4**

- **Florida:**

- Miccosukee Tribe of Indians: resumed operations of the school and early learning center on Monday. Working with FEMA to assess damages to the school. There is damage to the playground, some food loss, and water damage to part of the school at the opposite end of the building from the early learning center.
- Lake County Florida – As of September 20, all programs are operational.
- Redlands Christian Migrant Association (an Early Learning Coalition(ELC)) – All of their programs have reopened.
- Sarasota Early Learning Coalition (ELC): four providers have minor damage and are working with licensing on temporary solutions. ELC staff are coordinating with local licensing on the status of those 4 providers as well as about 10 that are still without power and not able to reopen. The Child care Resource &Referral (CCR&R) will work with any families who need alternative placements.
- Florida ELC: several providers were closed that past few days due to damage/power outages. State staff are working on verifying which providers were able to resume services this week. One provider in Clay County reported that they will be closing due to significant damage to their roof. The wind peeled back approximately 30-40 feet, causing flooding and damage to the building. This provider is working with families to transfer the 21 children to other providers. The provider is also trying to salvage attendance and other records.
- Orange – 11 child care programs are closed.
- Other ELCs are still working to assess providers' situations and needs.
- **Georgia:**
  - State will be sending a survey to assess storm impact.

**Early Childhood Development/Office of Head Start:**

- Grantees are reporting 1,928 centers closed in VI, PR, and FL as a result of Hurricane Irma and/or Maria, affecting 38,869 slots. Of these closed centers, 1,109 are in PR or VI. The 16 "undetermined" centers are Migrant and Seasonal Head Start Programs. The schedule for these programs fluctuates each year. Of the "undetermined" centers, 12 are scheduled to open in early October and 4 are assessing damages.

	Total	Open	Closed	Undetermined

**Family and Youth Services Bureau /Adolescent Pregnancy Prevention:**

- Virgin Islands: It is currently unknown when schools will reopen on the islands of St. Thomas and St. John.
- Children's Home Society in Winter Park, Florida: A full assessment of their campus/buildings/property/network is ongoing.

**Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- Florida Coalition:
  - 17 centers were impacted; 16 are back to being fully operational.
    - The one still closed has internal and external damage. Survivors remain in certified domestic violence shelters in Broward, Naples and St. Pete and the rest have chosen to stay elsewhere with family or friends.
  - Total clients evacuated: 894
    - Due to power outages; evacuation orders, voluntary evacuations due to being in the path of the hurricane; lack of a generator
    - Some programs had more survivors at their time of evacuation than they have typical bed space due to taking in clients from neighboring shelters.
    - Many survivors evacuated either to other dv shelters in the state, to local emergency shelters, or to friends or family.
      - In some Red Cross shelters, survivors stayed in a separate area than general population along with staff from shelter
  - All hotlines are fully operational now with the exception of the Domestic Abuse Shelter in the Florida Keys. That line remains routed to the Florida Domestic Violence Hotline.
  - FCADV is assisting with hundreds of assistance requests from certified domestic violence centers.
    - The Coalition also provided funding for transportation to assist centers in transporting survivors to and from shelters as well as funding for other basic needs such as linens and air mattresses for centers housing evacuees.
- Georgia Coalition:

- Most shelters, with the exception of those that evacuated, are back up and operational. Hotlines were forwarded to the national hotline. None of the programs have reported that they have received requests from survivors directly because of the hurricane.
- Shelters that evacuated:
  - Camden House in St. Mary's
    - Typical bed space: 16
    - Sent residents to Macon
  - Glynn Community Crisis Center in Brunswick
    - Typical bed space: 15
    - Sent residents to Warner Robbins
  - Safe Shelter in Savannah
    - Typical bed space: 48
    - Sent residents to various shelters throughout Georgia.
- Puerto Rico and US Virgin Islands:
  - Unable to confirm services in place at this time due to lack of communications.

**Family and Youth Service Bureau/Runaway and Homeless Youth:**

- Region 2: Unable to confirm services in place at this time due to no communications.
- Region 4: Runaway and Homeless Youth services are in place and operational.

**Office of Child Support Enforcement:**

**Region 2:**

- Offices closed until further notice.

**Region 4:**

- Florida – All offices are open.

**Office of Community Services/Social Services Block Grant:**

- Region 2: Unable to make contact with Puerto Rico and the US Virgin Islands.
- Region 4: No program impacts to report.

**Office of Community Services/Community Services Block Grant:**

- No program impacts to report.

**Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- Florida - The Florida Department of Economic Opportunity (DEO) has reported as of 9/18/17 that their office has released \$1.13 million in set aside LIHEAP Weather Related/Supply Shortage funds effective September 4, 2017 to 29 existing subgrantees through the Governor's Executive Order 17-235. Funds can be used to restore home power lost due to flooding, such as utility deposits, late fees, reconnect fees; housing applicants temporarily in a safe location; repairing or replacing utility box, electrical wiring; purchasing or repairing air conditioners; and pre-paying fuel assistance for oil or propane on a limited basis.
- Puerto Rico
  - Currently providing services to evacuees from other islands. According to Puerto Rican officials, many evacuees do not have documentation to prove their U.S. Citizenship or qualified alien status. Puerto Rico will seek guidance on this matter.
  - As of Wednesday, September 13, 2017, the territory has been helping evacuees from their islands as well as from non-Puerto Rico areas. Some of the evacuees may include non-US citizens. These evacuees are housed in public buildings. At this time, Puerto Rico does not have the capacity to determine the eligibility of these evacuees since they are not carrying anything but their clothes. The Division of Energy Assistance (DEA) advised them that they have the option of obligating 100% of their federal fiscal year (FY) 2017 funds by September 30, 2017 or carryover not more than 10% of the funds to FY 2018 to support program start-up costs. Puerto Rico is reviewing OCS LIHEAP Disaster Management policies and procedures to determine how LIHEAP funds could be obligated for home energy related disaster management activities. DEA expects to receive a written plan soon.

- Plan to update their 2017 policies and LIHEAP Plan to support LIHEAP crisis related allocations.

#### **Office of Family Assistance/Temporary Assistance for Needy Families:**

- Region 2: Lack consistent communication with grantees in Puerto Rico and the US Virgin Islands. The US Virgin Islands TANF director requested a waiver for cert periods for US Virgin Island cases and the files. Some files were destroyed by damage done to the building during the hurricane.
- Region 4: No program impacts to report.

#### **Office of Refugee Resettlement/Unaccompanied Alien Children:**

- ORR is collaborating with the US Department of Labor and with ORR's wraparound services contractor to conduct post-storm damage assessments on DOL's former Job Corps site in Homestead, Florida, which is ORR's influx contingency site. The site is in warm status and does not currently shelter UAC or contain active, funded beds.

#### **Office of Refugee Resettlement/Emergency Repatriation:**

- No program impacts to report.

#### **Office of Trafficking in Persons:**

- No Requests for assistance at this time.
- Florida
  - Catholic Charities Diocese of Venice office is open. They are without internet but operating as usual

Subject:	Hurricane Irma/Maria: Requests for updated information
Date:	2017/09/22 09:18:49
Priority:	Urgent
Type:	Note

Good morning,

Below is the information that was reported in Wednesday's SITREP. Can you please update the information and send it back the to watch officer by 1PM ET (9/22/2018). If you have nothing new to report, please respond (nothing new to report).

**FEMA Disaster Declared Locations:**

- US Virgin Islands (DR-4335): St. John (Island), St. Thomas (Island)
- Puerto Rico (DR-4336): Canovanas (Municipio), Culebra (Municipio), Loiza (Municipio), Vieques (Municipio)

-

**Programmatic Impacts:**

**Administration for Native Americans:**

- Nothing to report.

**Administration on Children, Youth and Families/Children's Bureau:**

- Nothing to Report.

**Early Childhood Development/Office of Child Care:**

**Region 2**

- **Puerto Rico:**
  - Government offices are closed due to Hurricane Maria.
- **Virgin Islands:**
  - Government offices are closed due to Hurricane Maria.

**Region 4**

- **Alabama:** No child care providers are closed.
- **Florida:**
  - Miccosukee Tribe of Indians: resumed operations of the school and early learning center on Monday. Working with FEMA to assess damages to the school. There is damage to the playground, some food loss, and water damage to part of the school at the opposite end of the building from the early learning center.

- Lake County Florida – 33 child care providers are closed, and 5 have yet to be reached; this affects 1,095 children.
- Redlands Christian Migrant Association (an Early Learning Coalition(ELC)) 7 centers were scheduled to reopen today, leaving 7 left to open as soon as possible. Damage to fire alarm panels cited as a major problem impacting the ability to reopen.
- Sarasota Early Learning Coalition (ELC): four providers have minor damage and are working with licensing on temporary solutions. ELC staff is coordinating with local licensing on the status of those 4 providers as well as about 10 that are still without power and not able to reopen. The Child care Resource & Referral (CCR&R) will work with any families who need alternative placements.
- Florida ELC: several providers were closed that past few days due to damage/power outages. State staff are working on verifying which providers were able to resume services this week. One provider in Clay County reported that they will be closing due to significant damage to their roof. The wind peeled back approximately 30-40 feet, causing flooding and damage to the building. This provider is working with families to transfer the 21 children to other providers. The provider is also trying to salvage attendance and other records.
- Other ELCs are still working to assess providers' situations and needs.
- **Georgia:**
  - State will be sending a survey to assess storm impact.

#### **Early Childhood Development/Office of Head Start:**

- Region 2 – No information to report at this time. Updates will be provided post-Hurricane Maria.
- Region 4
  - Grantees are reporting 143 centers closed and 85 centers open with damage in FL and GA as a result of Hurricane Irma, while an additional 993 centers in these states are open. There are 6,354 slots at the closed centers, all of which are located in FL. This report may include locations outside the FEMA disaster declared areas. Until more information is available on the impacted area, OHS is reporting the total number of centers in each state. The total number of centers will decrease as we learn more about which counties were impacted.

	Total Centers	Centers Open	Centers Open with Damage	Centers Closed

VI	-	-	-	-
PR	-	-	-	-
FL	865	657	65	143
GA	356	336	20	0
<b>Total</b>	<b>1,221</b>	<b>993</b>	<b>85</b>	<b>143</b>

**Family and Youth Services Bureau /Adolescent Pregnancy Prevention:**

- Virgin Islands: It is currently unknown when schools will reopen on the islands of St. Thomas and St. John.
- Children's Home Society in Winter Park, Florida: A full assessment of their campus/buildings/property/network is ongoing.

**Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- Florida Coalition:
  - Currently have 13 hotlines coming to their office and many of the domestic violence centers are without power. There were a few local hotlines that weren't transferred to them before the storm and are now completely down. They don't have access to their data systems at this time and in fact some are having to re-evacuate due to lift stations overflowing and not being able to use toilets.
- Georgia Coalition:
  - Most shelters, with the exception of those that evacuated, are back up and operational. Hotlines were forwarded to the national hotline. None of the programs have reported that they have received requests from survivors directly because of the hurricane.
  - Shelters that evacuated:
    - Camden House in St. Mary's
      - Typical bed space: 16
      - Sent residents to Macon
    - Glynn Community Crisis Center in Brunswick

- Typical bed space: 15
  - Sent residents to Warner Robbins
- Safe Shelter in Savannah
  - Typical bed space: 48
  - Sent residents to various shelters throughout Georgia.
- Puerto Rico:
  - The Puerto Rico coalition had no Wi-Fi and limited access to power for a couple of hours at a time. Getting phones charged was a problem.
  - Access to internet is limited as all phone companies had towers down.
  - Puerto Rico shelters are offering to receive some women and children from USVI. Coalition ED was going to try to go out to start visiting shelters Tuesday (9/18).
- Virgin Islands:
  - The main shelter on St. Croix was operating but had no electricity or phone services. Additional information is forthcoming.
  - St. Thomas/St. John – Many of the Coalition board members on St. Thomas lost their homes or had major damage. Many families have been displaced with some seeking temporary residence in St. Croix or Puerto Rico while others bunk with friends and family nearby. The St. Thomas hospital has been destroyed and therefore, patients (including sexual assault survivors) will probably have to go to St. Croix for services. This is an assumption from VI Coalition as there has been minimal contact with partners in St. Thomas/St. John to confirm this due to limited service. Communications were limited. Coalition and program staff are doing well overall – some have been displaced.

**Family and Youth Service Bureau/Runaway and Homeless Youth:**

- Runaway and Homeless Youth services are in place and operational.

**Office of Child Support Enforcement:**

**Region 2:**

- Virgin Islands status: St. Thomas office closed until further notice.

#### **Region 4:**

- Georgia – all offices are open (normal business hours)
- South Carolina – all offices are open (normal business hours)
- Alabama – all offices are open (normal business hours)
- Florida
  - The following offices will be closed Tuesday, September 19, 2017, due to Hurricane Irma:
    - Ft. Myers
    - Hernando County
    - Monroe County
    - St. Lucie County
- North Carolina – power restored and office open (normal business hours)

#### **Office of Community Services/Social Services Block Grant:**

- Region 4: Nothing to report.
- Region 2: Unable to make contact with Puerto Rico and the US Virgin Islands.

#### **Office of Community Services/Community Services Block Grant:**

- Nothing to report.

#### **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- Florida - The Florida Department of Economic Opportunity (DEO) has reported as of 9/18/17 that their office has released \$1.13 million in set aside LIHEAP Weather Related/Supply Shortage funds effective September 4, 2017 to 29 existing subgrantees through the Governor's Executive Order 17-235. Funds can be used to restore home power lost due to flooding, such as utility deposits, late fees, reconnect fees; housing applicants

temporarily in a safe location; repairing or replacing utility box, electrical wiring; purchasing or repairing air conditioners; and pre-paying fuel assistance for oil or propane on a limited basis.

- **Puerto Rico**
  - Currently providing services to evacuees from other islands. According to Puerto Rican officials, many evacuees do not have documentation to prove their U.S. Citizenship or qualified alien status. Puerto Rico will seek guidance on this matter.
  - As of Wednesday, September 13, 2017, the territory has been helping evacuees from their islands as well as from non-Puerto Rico areas. Some of the evacuees may include non-US citizens. These evacuees are housed in public buildings. At this time, Puerto Rico does not have the capacity to determine the eligibility of these evacuees since they are not carrying anything but their clothes. The Division of Energy Assistance (DEA) advised them that they have the option of obligating 100% of their federal fiscal year (FY) 2017 funds by September 30, 2017 or carryover not more than 10% of the funds to FY 2018 to support program start-up costs. Puerto Rico is reviewing OCS LIHEAP Disaster Management policies and procedures to determine how LIHEAP funds could be obligated for home energy related disaster management activities. DEA expects to receive a written plan soon.
  - Plan to update their 2017 policies and LIHEAP Plan to support LIHEAP crisis related allocations.

**Office of Family Assistance/Temporary Assistance for Needy Families:**

- Nothing to report.

**Office of Refugee Resettlement/Unaccompanied Alien Children:**

- ORR is collaborating with the US Department of Labor and with ORR's wraparound services contractor to conduct post-storm damage assessments on DOL's former Job Corps site in Homestead, Florida, which is ORR's influx contingency site. The site is in warm status and does not currently shelter UAC or contain active, funded beds.

**Office of Refugee Resettlement/Emergency Repatriation:**

- Nothing to report.

**Office of Trafficking in Persons:**

- No Requests for assistance at this time.
- Florida
  - Catholic Charities Diocese of Venice office is open. They are without internet but operating as usual

### **Programmatic Impacts**

#### **○ Office of Refugee Resettlement/Unaccompanied Alien Children:**

- No programmatic impacts to report at this time.

#### **● Office of Refugee Resettlement/Refugees Program:**

- Texas Regional Replacement Designee (RRD) Lead YMCA of Greater Houston reports the following:

- Refugee resettlement agencies in Houston continue to contact clients and conduct home visits to complete need assessments.
  - Assisting refugee clients with registering for FEMA assistance and referring them to other resources in the community.
  - Assisting clients with translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
  - Referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
  - Communicating with Employers to assist clients in regaining their jobs.
  - Meeting with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
- Texas RRD Lead is reporting that for those refugees that were evacuated from their apartment complexes, agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
  - URD is reporting that URM in foster care and those in Supervised Independent Living (SIL) all are safe in their residence.
  - Texas Medical Replacement Designee (MRD) is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
  - Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees expressing needs such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent.
  - **Administration for Native Americans:**
    - No programmatic impacts to report at this time.

- • **Office of Child Care:**

The following was obtained from information received from Texas Department of Protective and Regulatory Services (DFPS) Child Care Licensing (CCL):

- • All child care operations in the 39 disaster counties have been contacted;
- • 513 child care operations are closed;
- • 42,309 potentially displaced children based on capacity;
- • Licensing staff continue to work with providers to conduct abbreviated inspections to assess health & safety and provide technical assistance;
- • Licensing staff from other districts are being deployed to Houston to help with routine monitoring inspections.

- **Office of Head Start:**

- There are currently 344 centers in the impacted zone with 22,601 slots. 14 centers are confirmed closed in the impacted area affecting 1,200

slots. Currently, it is undetermined when all of the impacted centers will reopen.

- **ACYF/Children's Bureau: Updated 10/05/2017**

- **We are aware of 3 tribal families that are displaced in the Houston area and are in the process of getting more information to help access FEMA case management services.**

- 19 CPAs reported having a total of 34 families displaced by Hurricane Harvey who were unable to return home as of 10/2/17.
- These 34 families are caring for a total of 66 CPS children.
- Of these displaced families, 3 families (caring for a total of 5 CPS children) were reported as being in a known FEMA temporary sheltering location.
- Of the 34 displaced families, 6 families (caring for a total of 17 children) were identified where the county they had been displaced to was different than the county they had been living in before Hurricane Harvey.

- For the families that have been displaced to a different county than the one they resided in before Harvey, the listing of before/after counties is below:

Aransas	San Patricio
Brazoria	Fort Bend
Fort Bend	Harris
Harris	Fort Bend
Harris	Galveston
Orange	Jasper

- For CPS foster homes, we have a total of 14 families caring for 22 children who are displaced.
- 4 families are displaced out of the resident county: 2 Montgomery County families are now in Harris County, one family moved from Orange County to Jasper and one from Hardin to Harris County.
- 2 families are known to have been in FEMA locations.
- CPS Kinship Caregivers: 54 families remain displaced caring from a total of 78 children.
- 5 families are displaced out of their resident county: 1 family has moved from Orange County to Louisiana, 2 families from Harris to Dallas, 1 family from Harris to Ft. bend, and 1 family from Aransas to San Antonio.
- 2 families are known to have been in FEMA locations.
- A total of 102 families remain displaced with a total of 166 children in CPS conservatorship.

- All of our residential providers (GROs and RTCs) (excepting 2 who have closed at least temporarily) returned with their children to their original sites.
- The 2 RTCs/GROs I mention below did have to have kids moved, but it was a total of 19 children.

11 of them we were able to relocate together to another facility in the same county.

**Family and Youth Service Bureau/Runaway and Homeless Youth:**

- No programmatic impacts to report at this time.

○ **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- Beaumont: Closed indefinitely due to flooding in the Beaumont area.

○ **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:**

- Change Happens! (Houston): The agency has been working to provide support. They provide programming in schools and many students were displaced. They have been contacting students and their families as well as teachers to see what is needed in regards to essential items and services.
- Bee Busy Learning Academy (Houston ): The agency is open but programming was affected. The grantee is an Adolescent Pregnancy Prevention grantee and a Federally Qualified Health Center. They have been providing free medical services to those who have been affected via a mobile unit in the Aldine School District. The agency is open, but programming was affected due to the hurricane and the timeline for the pilot program implementation has been pushed back.
- Ambassadors for Christ (Houston ): Awaiting an update.

○ **Office of Community Services/Social Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Community Services Block Grant:**

- No programmatic impacts to report at this time.

○ **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- No programmatic impacts to report at this time.
- The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. The Louisiana Housing Corporation (LHC) has not received any request for Low Income Home Energy Assistance Program (LIHEAP) funds for Hurricane Harvey as of yet. The agency will allow funds to be used for items identified in the LIHEAP Disaster Management Policies if they receive any calls or requests.
- **Office of Child Support Enforcement:**
  - Houston West 613 is closed until further notice but all other offices are open.
- **Office of Family Assistance/Temporary Assistance for Needy Families:**
  - No programmatic impacts to report at this time.
- **Office of Trafficking in Persons:**
  - Monitoring needs from grantees and sub grantees.

Dear Ms. Myers:

We recently made a difficult and important decision to terminate the employment of two of our employees working at the [b](6) site. We are confident in our reasons for having made that decision. Our decision in this case and in others is always focused on providing good and reliable service to you, our customer.

[b](5)

We hope that you will contact us if you have any questions about any of these issues. I know that our District Manager, [b](6) has been communicating with you. We will continue to provide additional information as it is available to us.

Thank you

Hi Jonathan -

There are an estimated 38 pregnant minors currently in ORR care as of 3/8/2017.

Additional details, if needed:

- The estimate is based on a cross-check of data pulled from pregnancy-related Treatment Authorization Requests, UAC Medical Module Portal data, Serious Incident Reports, and verification calls to the programs.
- The 38 pregnant minors are currently housed in 18 different programs.

Thank you,  
 Lara

Lara and Olympia,

Will you have that estimate of the number of pregnant girls currently in care by COB Wednesday? If not, can you give me an ETA?

Thank you—the grantee or the federal field staff must notify her parents of the termination in this case.

This should happen alongside of resources to the UAC for post-abortion counseling as part of post-release care.

Please let me know there are any questions.

**Subject:** ORR Guidance for Pregnant UC

**Importance:** High

Good afternoon! Effective immediately, ORR is requiring grantees to notify ORR through their assigned Federal Field Staff immediately of any request or interest on any girl's part in terminating her pregnancy. A response from ORR Director would be

required before taking any next steps (i.e., scheduling appointments, pursuing a judicial bypass, or any other facilitative step).

Per the policy, "Grantees are prohibited from taking any actions in these cases without direction and approval from ORR." Approval for such procedures would be provided in the form of a signed authorization from the Director of ORR. To restate and reinforce the existing policy, grantees may not perform Heightened Medical Procedures without written authorization from the ORR Director, except in emergency medical situations (as described in Emergency Medical Services). Grantees should not conduct procedures, or take any steps that facilitate future appointments without signed written authorization from the ORR Director. Note that the requirement for written authorization by the ORR Director applies whether the procedure will be paid for with Federal funds or by other means.

Please ensure close adherence and understanding of the policy. Approval for such procedures can only be authorized by the ORR Director in writing. Failure to adhere to this policy will be a significant issue of non-compliance.

If there are questions or concerns, please do not hesitate to contact your assigned Federal Field Staff for clarification.

Thank you!

Sarah

Hi Jonathan -

There are an estimated 38 pregnant minors currently in ORR care as of 3/8/2017.

Additional details, if needed:

- The estimate is based on a cross-check of data pulled from pregnancy-related Treatment Authorization Requests, UAC Medical Module Portal data, Serious Incident Reports, and verification calls to the programs.

- The 38 pregnant minors are currently housed in 18 different programs.

Thank you,

Lara

Good Afternoon Dr. Bartholomew,

I appreciate the additional guidance regarding this matter, we will proceed accordingly. Please note, care provider has secured counseling appointment with ORR approved provider on Monday

at 10:00 a.m. The center is about 2.5-hour drive from our facility and we have informed their office of our estimated time of arrival. With regard to parental notification and consent, as previously noted, we will continue working with the UAC and notify ORR of any new developments. Again, we will ensure to proceed as directed and keep ORR updated on this matter. Should we have any further questions or concerns we will be sure to reach out to ORR promptly, thank you again for the issued guidance, we will be in touch.

Good Afternoon,

Thank you for your email. Please let ORR know when an appointment has been made for the options counseling. Please ensure that the child receives all emotional / psychological support that she might need to work through her thoughts and emotions during what is certainly a difficult time.

I have spoken to leadership. To clarify, the program is not authorized to take her to receive termination services, or to any appointments that would prepare her for a termination, without consent from the Director.

ORR Director consent cannot happen without written and notarized consent of her parents. Program should proceed with life-affirming options counseling and notification to the parents of the pregnancy and the request for termination, if still desired.

If you have any further questions, please feel free to contact ORR.

Good Afternoon Dr. Bartholomew, thank you for your prompt guidance.

We will proceed as directed and ensure to keep ORR up-to-date. Please note, at this time UAC continues to voice she does not wish to disclose pregnancy to her parents whom reside in home

country (GU). To our knowledge and according to UAC she has no "next of kin" residing in the U.S. Potential sponsor and minor's POC in U.S. was an unverified "aunt" who declined to sponsor, there has been no further contact between care provider and this individual.

Assigned Clinician will continue working closely with UAC with the hope that she will reconsider, at this point are there any other actions care provider must take due to the UAC being unwilling to proceed with parental notification?? We will be sure to inform ORR once appointment is secured, thank you.

Good Afternoon,

I have discussed this email with leadership.

In these particular situations, the child should seek spiritual counseling, options counseling, and parental notification via a family session.

Counseling can be provided at :

Pregnancy Center of the Coastal Bend	4730 Everhart St	Corpus Christi	TX
--------------------------------------	------------------	----------------	----

Please notify ORR when these services have been provided.

I have added Mr. De La Cruz in case he has additional guidance

Good Evening,

Please be advised that IES LF Shelter has a 17-year-old female UAC (b)(6) XXX-XXX-(b)(6) from Guatemala in care (DOE 9/7/17) whom is inquiring about the possibility of terminating

pregnancy. On 9/18/17 UAC disclosed to assigned Clinician that she did not wish to continue her pregnancy, she shared she wished to end her pregnancy and return to home country as she has no viable sponsor options. UAC attended initial OB/GYN appointment on

09/11/2017 at RGV Women's Health Center- Harlingen with Dr. (b)(6) MD. An intrauterine pregnancy was confirmed by an OB sonogram Gestation is +/- (b)(6) weeks. UAC did not share her thoughts with obstetrician during visit.

Please note, Dr. (b)(6) (obstetrician) and PCP Dr. (b)(6) are not currently aware UAC is seeking to terminate pregnancy, at this time the UAC has only shared this information with her assigned Clinician. In addition, care provider has not reached out to any community medical providers regarding minor's request, no appointment for the procedure/service has been made. This information has been elevated to designated ORR FFS and a Significant Incident Addendum (Event# 106940) has been submitted with regards to UAC's request for above referenced medical service. At this time care provider is reaching out to ORR Medical team in the hopes of obtaining procedural guidance regarding minor's specific request. Please advise on how to proceed with minor's request for this heightened medical service, thank you, we will wait for further guidance.

Dear Jim

I want to inform you that UC (b)(5) case is ready for release. The Homs Study was approved, UC is completed all medical follow up and been cleared medically, and is ready for release. She still however I refusing to disclose her medical history to sponsor, as such the program cannot provide any medical documentation as is customarily done in any release to the UC Sponsor. I am not sure if there will be problem with not providing the sponsor with this information.

Case was staffed with CC and FFS, Program there are no concerns for a safe release at this time.

Please advise as to whether the case merits an additional elevation prior to release decision.

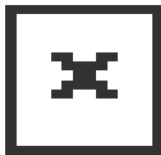

(b)(5)

Thanks for your,  
Ivonne.

All,

Please be advised that care provider just received notice from legal service provider ProBar (see attached email correspondence) that UAC has a hearing scheduled on Monday, September 25, 2017 at 8:00a.m. in the 107th District Court at the Cameron County Courthouse located in Brownsville, Texas. Therefore, care provider will reschedule counseling appointment for Tuesday, September 26, 2017. Please do not hesitate to contact me should anyone have any questions, we will be in touch.

Thank you,

Good Afternoon Dr. Bartholomew,

I appreciate the additional guidance regarding this matter, we will proceed accordingly. Please note, care provider has secured counseling appointment with ORR approved provider on Monday at 10:00 a.m. The center is about 2.5-hour drive from our facility and we have informed their office of our estimated time of arrival. With regard to parental notification and consent, as previously noted, we will continue working with the UAC and notify ORR of any new developments. Again, we will ensure to proceed as directed and keep ORR updated on this matter. Should we have any further questions or concerns we will be sure to reach out to ORR promptly, thank you again for the issued guidance, we will be in touch.

Good Afternoon,

Thank you for your email. Please let ORR know when an appointment has been made for the options counseling. Please ensure that the child receives all emotional / psychological support that she might need to work through her thoughts and emotions during what is certainly a difficult time.

I have spoken to leadership. To clarify, the program is not authorized to take her to receive termination services, or to any appointments that would prepare her for a termination, without consent from the Director.

ORR Director consent cannot happen without written and notarized consent of her parents. Program should proceed with life-affirming options counseling and notification to the parents of the pregnancy and the request for termination, if still desired.

If you have any further questions, please feel free to contact ORR.

Good Afternoon Dr. Bartholomew, thank you for your prompt guidance.

We will proceed as directed and ensure to keep ORR up-to-date. Please note, at this time UAC continues to voice she does not wish to disclose pregnancy to her parents whom reside in home country (GU). To our knowledge and according to UAC she has no "next of kin" residing in the U.S. Potential sponsor and minor's POC in U.S. was an unverified "aunt" who declined to sponsor, there has been no further contact between care provider and this individual.

Assigned Clinician will continue working closely with UAC with the hope that she will reconsider, at this point are there any other actions care provider must take due to the UAC being unwilling to proceed with parental notification?? We will be sure to inform ORR once appointment is secured, thank you.

Good Afternoon,

I have discussed this email with leadership.

In these particular situations, the child should seek spiritual counseling, options counseling, and parental notification via a family session.

Counseling can be provided at :

Pregnancy Center of the Coastal Bend	4730 Everhart St	Corpus Christi	TX
--------------------------------------	------------------	----------------	----

Please notify ORR when these services have been provided.

I have added Mr. De La Cruz in case he has additional guidance

Good Evening,

Please be advised that IES LF Shelter has a 17-year-old female UAC (b)(5), (b)(5) XXX-XXX-(b)(6) from Guatemala in care (DOE 9/7/17) whom is inquiring about the possibility of terminating

pregnancy. On 9/18/17 UAC disclosed to assigned Clinician that she did not wish to continue her pregnancy, she shared she wished to end her pregnancy and return to home country as she has no viable sponsor options. UAC attended initial OB/GYN appointment on 09/11/2017 at RGV Women's Health Center- Harlingen with Dr. (b)(5) MD. An intrauterine pregnancy was confirmed by an OB sonogram Gestation is +/- (b)(6) weeks. UAC did not share her thoughts with obstetrician during visit.

Please note, Dr. (b)(6) (obstetrician) and PCP Dr. (b)(6) are not currently aware UAC is seeking to terminate pregnancy, at this time the UAC has only shared this information with her assigned Clinician. In addition, care provider has not reached out to any community medical providers regarding minor's request, no appointment for the procedure/service has been made. This information has been elevated to designated ORR FFS and a Significant Incident Addendum (Event# 106940) has been submitted with regards to UAC's request for above referenced medical service. At this time care provider is reaching out to ORR Medical team in the hopes of obtaining procedural guidance regarding minor's specific request. Please advise on how to proceed with minor's request for this heightened medical service, thank you, we will wait for further guidance.

Will and or Ivonne,

Senior Management has directed us to ensure that the grantee or the federal field staff must notify (b)(6) parents of the termination in this case.

This should happen alongside of resources to the UAC for post-abortion counseling as part of post-release care.

I understand that as of yesterday travel plans were being arranged so there should be time to ensure these directives before (b)(6) is discharged from the program. If you have questions let me know, if I cannot answer the questions I will elevate to Senior Management.

Please let me know when the mother has been contacted and that one of you reviewed the post release service plan to ensure that resources for post-abortion counseling has been identified and explained to (b)(6) and her care provider.

**Subject:** California Wildfires: Resources

**Importance:** High

Good afternoon,

During the month of October, a series of wildfires broke out throughout Napa, Lake, Sonoma, Mendocino, Nevada, Orange, Yuba, and Butte counties during severe fire weather conditions effectively leading to a major red flag warning for much of the Northern California area. As a result of the extreme conditions the fires have rapidly grown to become massive conflagrations spanning from 1,000 to well over 20,000 acres in some areas.

As these fires continue to spread, more and more communities are being impacted, and residents are being asked to evacuate from their homes. With that in mind, we want to ensure the families ACF serves are preparing for the potential of having to evacuate. Below are some links to resources we related to evacuation and the populations we serve:

Subject:	Hurricane Irma: Requests for updated information
Date:	2017/09/19 08:48:21
Priority:	Normal
Type:	Note

Good morning,

Below is the information that was reported in Monday's SITREP. Can you please update the information and send it back to the watch officer by 1PM ET (9/19/2018). If you have nothing new to report, please respond (nothing new to report).

**FEMA Disaster Declared Locations:**

- US Virgin Islands (DR-4335): St. John (Island), St. Thomas (Island)
- Puerto Rico (DR-4336): Canovanas (Municipio), Culebra (Municipio), Loiza (Municipio), Vieques (Municipio)
- 

**Programmatic Impacts:**

**Administration for Native Americans:**

- Nothing to report.

**Administration on Children, Youth and Families/Children's Bureau:**

- Nothing to report.

**Early Childhood Development/Office of Child Care:  
Region 2**

- **Puerto Rico:**
  - CCDF Administrator informed ACF that the Territory is closing their government offices in preparation for Hurricane Maria.
  - In the mainland towns of Loiza and Luquillo, no major structural damage but there is water damage and fear of mold build up in impacted facilities. Power has not been restored to child care centers.
  - In Vieques (Puerto Rico's sister island), no major structural damage but there is water damage and fear of mold build up in impacted child care facilities.
  - In Culebra (Puerto Rico's sister island), child care centers are not open; there is no electricity or means of communication.

- **Virgin Islands:**

- CCDF Administrator informed ACF that the Territory is closing their government offices in preparation for Hurricane Maria.
- No updates specific to children and child care closures/damages; however, the curfew on St. Thomas was relaxed overnight so that residents can procure necessities such as food, water and medication; the Child Care Administrator anticipates this will increase the demand for child care services. Assistant Commissioner Evril Powell is scheduled to visit the Islands of St. Thomas and St. John next week to do an assessment of the situation with staff from Head Start program.
- There were approximately 300 Infant Toddlers on all islands of the VI (Subsidy and non-subsidy children) Approximately 279 children are OCC subsidized in St. Thomas, VI; none are subsidized on St. John. Schools are closed. Child Care Center providers are not operational due to damage and lack of access to their facilities. Home providers are not operating due to power loss and extensive damage. Staff have been unable to reach providers in St. Thomas.

#### **Region 4**

- **Alabama:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet. Poarch Tribe (CCDF grantee) is included in the emergency declaration for Alabama.
- **Florida:** RPM continues to receive information from the state's Office of Early Learning. Damage assessments are beginning in many parts of the state regarding the situation of child care providers. The vast majority of Early Learning Coalition offices have reopened to the public. The Miami-Dade Early Learning Coalition has reported that the staff person in the Lower Keys who had been reported missing had been located. Three staff from this Early Learning Coalition and aid workers planned to travel yesterday to Key West with supplies for child care providers and families. In Florida, the Miccosukee tribe, a CCDF Tribal grantee, has power and communications down.
- **Georgia:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet.

#### **Early Childhood Development/Office of Head Start:**

- Grantees are reporting 1,388 centers closed or damaged in VI, PR, FL, GA, and SC as a result of Hurricane Irma or in preparation for Hurricane Maria, affecting 56,186 slots. We are also assessing for possible center closures or damage in AL and TN, but so far have not had any reports of center closures in these states. This list includes a number of

(b)(5)

**Family and Youth Services Bureau /Adolescent Pregnancy Prevention:**

- Virgin Islands: The grantee plans on checking in with the schools this week to see when implementation can occur. It is currently unknown when schools will reopen on the islands of St. Thomas and St. John.
- Grantee Unity in Williston, FL: Reports not having any damage. The agency is open and has obtained power.
- Children's Home Society in Winter Park, Florida: A full assessment of their campus/buildings/property/network is ongoing.
- Schools in Broward County and Miami, FL – Dade County, FL plans to reopen schools today (9/18).

**Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- Florida Coalition:
  - We currently have 13 hotlines coming to our office still and many of the DV centers are without power. We have a few local hotlines that weren't transferred to us before the storm and are now completely down. They don't have access to their data systems at this time and in fact some are having to re-evacuate due to lift stations overflowing and not being able to use toilets. As for numbers, I am not able to get you those yet due to the widespread power outages and shelters that are still closed. I appreciate your patience.

- **Georgia:**
  - Coastal safe homes were evacuated. A few shelters in southern and middle Georgia had to evacuate to community shelters due to power outages. There have been no requests for assistance thus far.
- **Puerto Rico:**
  - The Puerto Rico coalition has no Wi-Fi and limited access to power for a couple of hours at a time. Just getting phones charged is a problem. The Executive Director herself has not had electricity for more than 5 days.
  - Access to internet is very limited as all phone companies have towers down.
  - It's hot and humid, hard to sleep at night. Puerto Rico shelters are offering to receive some women and children from USVI. Coalition ED was going to try to go out to start visiting shelters Tuesday.
- **Virgin Islands:**
  - The main shelter on St. Croix is operating but has no electricity or phone services. Additional information is forthcoming.
  - St. Thomas/St. John – Many of the Coalition board members on St. Thomas lost their homes or had major damage. Many families have been displaced with some seeking temporary residence in St. Croix or Puerto Rico while others hunk with friends and family nearby. The St. Thomas hospital has been destroyed and therefore, patients (including sexual assault survivors) will probably have to come to St. Croix for services. This is an assumption from VI Coalition as there has been minimal contact with partners in St. Thomas/St. John to confirm this due to limited service. Communications are limited. Coalition and program staff are doing well overall – some have been displaced.

#### **Family and Youth Service Bureau/Runaway and Homeless Youth:**

- Runaway and Homeless Youth services are in place and operational.

**Office of Child Support Enforcement:  
Region 2:**

- Virgin Islands status: St. Thomas office closed until further notice.

**Region 4:**

- Georgia – The Savannah child support office is closed this week.
- South Carolina – As of September 12, the Charleston office was closed until public service crews finish clearing.
- storm drains, removing water, and mud from roadways. The call center is still operational.
- Alabama – State and county offices are operational.
- Florida - <http://floridarevenue.com/emdisaster/Pages/EmergencyDisaster.aspx> for updates
- North Carolina - Eastern Band of Cherokee Indians is without power and their child support office is closed.

**Office of Community Services/Social Services Block Grant:**

- Region 4: Nothing to report.
- Region 2: Unable to make contact with Puerto Rico and the US Virgin Islands.

**Office of Community Services/Community Services Block Grant:**

- Nothing to report.

**Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- Florida - The State's disaster management plan and the Governor's Executive Order 17-235 will activate the release to spend weather/shortage related funds to the LIHEAP providers. Division of Energy Assistance is currently following up with DEO

to determine if the state has activated its plan to release weather related/supply shortage funds to the LIHEAP providers.

- Puerto Rico
  - Currently providing services to evacuees from other islands. According to Puerto Rican officials, many evacuees do not have documentation to prove their U.S. Citizenship or qualified alien status. Puerto Rico will seek guidance on this matter.
  - As of Wednesday, September 13, 2017, the territory has been helping evacuees from their islands as well as from non-Puerto Rico areas. Some of the evacuees may include non-US citizens. These evacuees are housed in public buildings. At this time, Puerto Rico does not have the capacity to determine the eligibility of these evacuees since they are not carrying anything but their clothes. The Division of Energy Assistance (DEA) advised them that they have the option of obligating 100% of their federal fiscal year (FY) 2017 funds by September 30, 2017 or carryover not more than 10% of the funds to FY 2018 to support program start-up costs. Puerto Rico is reviewing OCS LIHEAP Disaster Management policies and procedures to determine how LIHEAP funds could be obligated for home energy related disaster management activities. DEA expects to receive a written plan soon.
  - Plan to update their 2017 policies and LIHEAP Plan to support LIHEAP crisis related allocations.

**Office of Family Assistance/Temporary Assistance for Needy Families:**

- Nothing to report.

**Office of Refugee Resettlement/Unaccompanied Alien Children:**

- ORR is collaborating with the US Department of Labor and with ORR's wraparound services contractor to conduct post-storm damage assessments on DOL's former Job Corps site in Homestead, Florida, which is ORR's influx contingency site. The site is in warm status and does not currently shelter UAC or contain active, funded beds.
- ORR has confirmed two residential shelter programs were not significantly damaged and will reopen when power is restored.

### Office of Refugee Resettlement/Emergency Repatriation:

- Emergency Repatriation efforts ended on 9/16/2017.

### Office of Trafficking in Persons:

- No Requests for assistance at this time.
- Florida
  - TVAP subgrantees, Catholic Charities Dioces of Venice, FL and IRC Miami are still without power.

<b>Subject:</b>	EFFECTIVE 9/12/2016: ORR Operations Guide - Reporting, Follow-up Call and Fraud
<b>Date:</b>	2016/09/12 15:30:24
<b>Priority:</b>	Normal
<b>Type:</b>	Note

Dear Care Provider Case Managers:

ORR is pleased to announce the implementation of an updated versions of **ORR Operations Guide: Section 2 Safe and Timely Release from ORR Care, ORR Operations Guide: Section 5 Program Management, and ORR Operations Guide: Section 6 Resources and Services Available After Release from ORR Care**. These sections have been updated to include new procedures on Emergency SIR Reporting, SIR, Reporting to Federal Agencies, and updated procedures on Safety and Wellbeing Being Follow-up Call and Protecting Sponsors from Fraud. **Please share this email and attachments with staff in your agency.**

**Please note that no changes have been made to the SA/SIR procedures, SA/SIR charts, or Fraud Warning flyer.**

These sections of the Ops Guide are **EFFECTIVE SEPTEMBER 12, 2015** and must be implemented upon receipt of this email.

Attachments to this email include:

- **Section 2: Safe and Timely Release from ORR Care**
- **Section 5: Program Management**
- **Section 6: Resources and Services Available After Release from ORR Care**
- ***Training Slides: Ops Section 5.7 Significant Incident Reports and Notification Requirements***
- ***Training Slides: Ops Section 5.8 Reporting to Federal Agencies***
- ***Training Slides: Ops Section 6.2 Safety and Well-Being Follow-up Call***
- ***Training Slides: Ops Section 2.2.5 Protecting Sponsors from Fraud***
- **A-9 Flowchart – How to Report Sexual-Related Incidents**
- **A-10 Chart 1 – Definition of Sexual Abuse and Sexual Harassment**
- **FRP-12 *Fraud Warning* (English)**
- **FRP-12s *Fraud Warning* (Spanish)**

Major changes/clarifications in the procedures include:

1. Updated **Safety and Well-Being Follow-up Call** procedures and moved them to a newly numbered Section 6.
  - a. Expanded the type of information to ask the UC and Sponsor about during the follow-up call
  - b. Clarified the timeframe in which to complete the follow-up call
2. Updated **Protecting Sponsors from Fraud** guidance about types of information to gather in order to report a fraud incident.

3. Updated all reporting email guidance to include guidance for the Subject Line and what to include in the Body of the email
4. Added Section 5.7.2 Emergency Incidents
  - a. Clarified the Definition of Medical Emergency
5. Added Section 5.7.3 Significant Incidents
  - a. Added Escape Risk or Escape Attempt to SIR list
  - b. Clarified UC Portal information to enter as the Date of Event
6. Added Section 5.8 Reporting to Federal Agencies
  - Includes information and contact information about reporting to ICE, HHS OIG, DHS OIG, and DHS CRCL
  - FFS are now responsible for reporting to Federal Agencies for certain types of incidents
  - Clarified the type of information to collect for reporting incidents to federal agencies

ORR expects to have the attached Ops Guide sections uploaded to the UAC Portal in the next week.

Please elevate any questions regarding the Ops Guide to your assigned FFS and CFS. In addition, questions can be elevated to the UC Procedures Mailbox ([UCProcedures@acf.hhs.gov](mailto:UCProcedures@acf.hhs.gov)). Policy questions should be elevated to the UC Policy mailbox.

Subject:	Hurricane Irma: Requests for updated information
Date:	2017/09/14 08:28:14
Priority:	Urgent
Type:	Note

Good morning,

Below is the information that was reported in yesterday's SITREP. Can you please update the information and send it back to the watch officer. If you have nothing new to report, please respond (nothing new to report).

**FEMA Disaster Declared Locations:**

- US Virgin Islands (DR-4335): St. John (Island), St. Thomas (Island)
- Puerto Rico (DR-4336): Canovanas (Municipio), Culebra (Municipio), Loiza (Municipio), Vieques (Municipio)
- Florida (DR-4337): Broward, Charlotte, Clay, Collier, Duval, Flagler, Hillsborough, Lee, Manatee, Miami-Dade, Monroe, Palm Beach, Pinellas, Putnam, Sarasota, St. Johns

**Programmatic Impacts**

**Administration for Native Americans:** Nothing to report.

**Administration on Children, Youth and Families/Children's Bureau:** Nothing to report.

**Office of Child Care:  
Region 2**

- **Puerto Rico:** The RPM is in contact with the CCDF lead agency. At this point, because of storm damage, power outages, etc. there are no numbers to report on providers closed, damaged, etc.
- **Virgin Islands:** The RPM is in contact with the CCDF lead agency. At this point, because of storm damage, power outages, etc. there are not yet new numbers to report on providers closed, damaged, etc. The RPM will have contact (call) with the lead agency later today.

**Region 4**

- **Alabama:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet. Poarch Tribe (CCDF grantee) is included in the emergency declaration for Alabama.

- **Florida:** RPM receiving information. CCDF is administered by the state through Early Learning Coalitions. Many of these agencies are reporting closure as the result of COOP plans requiring closure when schools are closed, power outages, damage to their buildings, etc. Damage assessments are just beginning in many parts of the state regarding the situation of child care providers. The Miami-Dade ELC has indicated that one staff person who remained in the Lower Keys has been reported missing. In Florida, the Miccosukee tribe, a CCDF Tribal grantee, has power and communications down.
- **Georgia:** The RPM is in contact with the CCDF lead agency. No numbers of providers closed, damaged, etc. yet.

#### **Office of Head Start:**

- Grantees are reporting centers closed or damaged as a result of Hurricane Irma in PR, VI, AL, FL, GA, SC, and TN. This list includes a number of states that are not in the FEMA disaster declared locations. Until more information is available on the impacted area, OHS is reporting the total number of centers in each state with a break out of open, closed, and undetermined. The total number of centers will decrease as we learn more about which counties were impacted.

	<b>Total Centers</b>	<b>Centers Open</b>	<b>Centers Closed</b>	<b>Centers Undetermined</b>
PR	1,097	271	419	407
VI	8	0	8	0
R04	2,409	92	625	1,692

#### **Early Childhood Development/Adolescent Pregnancy Prevention:**

- Virgin Islands: The grantee plans on checking in with the schools this week to see when implementation can occur. It is currently unknown when schools will reopen on the islands of St. Thomas and St. John.
- Grantee Unity in Williston, FL: Reports not having any damage. The agency is closed this week until they are able to obtain power and can contact other agencies.
- Children's Home Society in Winter Park, Florida: The grantee's email server and power are on intermittently at this time. Their offices are closed through Wednesday and they hope to reopen Thursday. A full assessment of their

campus/buildings/property/network will be taking place today through the weekend. They are not requesting any funding assistance at this time.

- Schools in Broward County, Florida are currently closed until further notice. The Project Officer is waiting to hear back from the grantee on the status of the community based organizations. They will not return to the office until Wednesday 9/13 and will provide updates then.

**Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**

- The Florida Domestic Violence (DV) Hotline is established. Several locations are without power. Initial damage assessments continue and more information will be provided upon receipt.
- In Georgia, coastal safe homes were evacuated. A few shelters in southern and middle Georgia had to evacuate to community shelters due to power outages. There have been no requests for assistance thus far.
- In the Virgin Islands, the main shelter on St. Croix is operating but has no electricity. Additional information is forthcoming.
- Staff are being rostered to deploy to DV shelters after the storm to work in shelters across the state in anticipation of a surge in clients.
- 1 DV Shelter in South Carolina has evacuated its population (6) inland.

**Family and Youth Service Bureau/Runaway and Homeless Youth:**

- Currently, there are no Runaway Homeless Youth (RHY) grantees in the U.S. Virgin Islands, but there is one RHY provider in Puerto Rico that operates two emergency shelters. The grantee suffered no damage to their two facilities.

**Office of Child Support Enforcement:  
Region 2 impacts:**

- Virgin Islands status: St. Thomas, closed until further notice. St. Croix, open.
- Puerto Rico status: Central & Regional Offices – OPEN. Some Local Offices are not open.

**Office of Community Services/Social Services Block Grant:** Nothing to report.

**Office of Community Services/Community Services Block Grant:** Nothing to report.

**Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program:**

- The State's disaster management plan and the Governor's Executive Order 17-235 will activate the release to spend weather/shortage related funds to the LIHEAP providers.

**Office of Family Assistance/Temporary Assistance for Needy Families:** Nothing to report.

**Office of Refugee Resettlement/Unaccompanied Alien Children:**

- There are no shelters currently housing UAC in Florida.
- ORR is collaborating with the US Department of Labor and with ORR's wrap-around services contractor to conduct post-storm damage assessments on DOL's former Job Corps site in Homestead, Florida, which is ORR's influx contingency site. The site is in warm status and does not currently shelter UAC or contain active, funded beds.
- All ORR staff in Florida have reported and are safe/secure.
- ORR continues to accept referrals from DHS within the 72 hour timeframe required by law. ORR does not anticipate delays in designated placements due to the storm.
- There are no shortfalls at this time, and no requests for interagency assistance.

**Office of Refugee Resettlement/Emergency Repatriation:**

- ACF, in partnership with the Government of Puerto Rico, continues to provide information regarding repatriation services to evacuees arriving in San Juan from Saint Martin and the British Virgin Islands. As of 9:00 pm ET, 12Sep17, there has been 1,897 repatriates received. ORR reviews eligibility for loan assistance services from American citizens and dependents. A relatively small percentage of repatriates

contacted by ORR request loan assistance. In addition, ORR and Puerto Rican authorities are providing additional information and assistance to repatriates who do not request loan assistance services.

### Office of Trafficking in Persons:

- Georgia- Catholic Charities of Atlanta was closed on 9/12.
- Georgia- Trafficking Victim Assistance Program (TVAP) grantee closed at this time and staff are working remotely.
- No updates from Florida subgrantees; continuing to monitor.
- No requests for assistance at this time.

Thanks in advance!

Good Morning Teresa,

As discussed, I apologize for delay, I was at children's program earlier and had not seen your email request.

With regards to UAC voicing "TOP", her pregnancy has been confirmed by Dr. (b)(6) OB/GYN. UAC's initial OB/GYN appointment took place on 10/27, UAC verbally consented

to entire medical exam, including sonogram and 1<sup>st</sup> trimester lab work. OB/GYN noted minor was approximately (b)(6) weeks' gestation on 10/27/17.

Following the completion of doctor's examination, UAC informed Dr. (b)(6) that she did not want a baby and openly informed Dr. (b)(6) she is seeking to terminate pregnancy. Dr. (b)(6) acknowledged UAC's statement and responded that she should discuss her options further with care provider. UAC responded to Dr. (b)(6) that care provider was aware of her wishes, UAC was in the presence of Medical Coordinator and Dr. (b)(6) stated to Medical Coordinator that his office could provide information regarding local "options counseling" and other resources, program Medical Coordinator informed Dr. (b)(6) that program would elevate minor's request to appropriate officials and seek further guidance before discussing minor's request. Dr. (b)(6) stated he understood and reiterated

that should minor undergo procedure he would be prepared to conduct follow-up with her after procedure. At no point in time during initial OB appointment were any "options" discussed with UAC, care provider staff and Dr. (b)(6) did not issue information or resources to UAC, instead care provider and doctor listened attentively and informed her that her request would be noted. UAC's next OB/GYN appointment in 11/21/17 at 9:00 a.m.

UAC disclosed pregnancy to her mother on 10/26, however she has not disclosed her request for "TOP". In addition, sponsor is not aware of pregnancy or UAC's request for "TOP". At this time, minor has stated she is not willing to inform sponsor of pregnancy and we continue working with UAC with regards to sharing her request for "TOP" with her mother. UAC has requested to meet with ProBAR (legal service provider) follow up with legal service provider is pending.

Please be advised at this time care provider has received an incomplete FRA from sponsor (unverified brother in law). Care provider has received UAC's birth certificate, UAC's adult sister (sponsor's wife) birth certificate and UAC's mother's birth certificate. In addition, UAC's mother has provided a notarized letter from home country authorizing sponsor to take care and take custody of UAC. However, sponsor has yet to provide a copy of his birth certificate and a copy of marriage certificate (to prove formal relationship with UAC). As previously reported, sponsor resides and works in Wendell, Idaho, the nearest fingerprint site is an 8 hour drive, however sponsor stated he would make the necessary arrangements to travel to site. Sponsor has not returned Authorization for Relapse of Information forms therefore fingerprint appointment has not been scheduled. Please also note that minor's adult sister and 1-year-old nephew remain in DHS custody. According to sponsor he has not had communication with his wife (UAC's sister). Sponsor also has reported he resides in a home with other adult household members, his brother, his brother's wife and their children. At this time sponsor has not reported any criminal history with the exception of an immigration arrest. Sponsor disclosed that he and his son (4 years old at the time) were apprehended approximately 3 years ago upon entering the U.S. without proper documents or inspection. According to sponsor he is attending immigration proceedings and he is without legal status. Sponsor reported he intends to comply with all immigration

hearings. Please also note that UAC has denied a history of abuse, mistreatment or neglect, there is no known history of trauma and UAC has described her relationship with her mother as "positive".

Please advise if further information is needed or if there any further questions or concerns, thank you.

Teresa/Jallyn,

Would you please update me on the latest in reunification progress for the UAC at IES LF who is currently pregnant and expresses interest in TOP?

Appreciate latest on OBGYN appointment outcomes, discussion with her mother, and especially on reunification. If you could provide by 10AM Central time Tuesday would be very helpful.

Good Afternoon,

I have discussed this email with leadership.

In these particular situations, the child should seek spiritual counseling, options counseling, and parental notification via a family session.

Counseling can be provided at :

Pregnancy Center of the Coastal Bend	4730 Everhart St	Corpus Christi	TX
--------------------------------------	------------------	----------------	----

Please notify ORR when these services have been provided.

I have added Mr. De La Cruz in case he has additional guidance

**Subject:** [WARNING : MESSAGE ENCRYPTED] FW: IES LF Shelter-Inquiry Regarding Heightened Medical Service (UAC XXX-XXX(b)(6))

**Importance:** High

Good Evening,

Please be advised that IES LF Shelter has a 17-year-old female UAC ((b)(6)) XXX-XXX-(b)(6) from Guatemala in care (DOE 9/7/17) whom is inquiring about the possibility of terminating pregnancy. On 9/18/17 UAC disclosed to assigned Clinician that she did not wish to continue her pregnancy, she shared she wished to end her pregnancy and return to home country as she has no viable sponsor options. UAC attended initial OB/GYN appointment on 09/11/2017 at RGV Women's Health Center- Harlingen with Dr. (b)(6) MD. An intrauterine pregnancy was confirmed by an OB sonogram Gestation is +/- (b)(6) weeks. UAC did not share her thoughts with obstetrician during visit.

Please note, Dr. (b)(6) (obstetrician) and PCP Dr. (b)(6) are not currently aware UAC is seeking to terminate pregnancy, at this time the UAC has only shared this information with her assigned Clinician. In addition, care provider has not reached out to any community medical providers regarding minor's request, no appointment for the procedure/service has been made. This information has been elevated to designated ORR FFS and a Significant Incident Addendum (Event# 106940) has been submitted with regards to UAC's request for above referenced medical service. At this time care provider is reaching out to ORR Medical team in the hopes of obtaining procedural guidance regarding minor's specific request. Please advise on how to proceed with minor's request for this heightened medical service, thank you, we will wait for further guidance.

 Good Morning Teresa,

As discussed, I apologize for delay, I was at children's program earlier and had not seen your email request.

With regards to UAC voicing "TOP", her pregnancy has been confirmed by Dr. (b)(6) OB/GYN. UAC's initial OB/GYN appointment took place on 10/27, UAC verbally consented to entire medical exam, including sonogram and 1<sup>st</sup> trimester lab work. OB/GYN noted minor was approximately (b)(6) weeks' gestation on 10/27/17. Following the completion of doctor's examination, UAC informed Dr. (b)(6) that she did not want a baby and openly informed Dr. (b)(6) she is seeking to terminate pregnancy. Dr. (b)(6)

acknowledged UAC's statement and responded that she should discuss her options further with care provider. UAC responded to Dr. (b)(6) that care provider was aware of her wishes, UAC was in the presence of Medical Coordinator and Dr. (b)(6) stated to Medical Coordinator that his office could provide information regarding local "options counseling" and other resources, program Medical Coordinator informed Dr. (b)(6) that program would elevate minor's request to appropriate officials and seek further guidance before discussing minor's request. Dr. (b)(6) stated he understood and reiterated that should minor undergo procedure he would be prepared to conduct follow-up with her after procedure. At no point in time during initial OB appointment were any "options" discussed with UAC, care provider staff and Dr. (b)(6) did not issue information or resources to UAC, instead care provider and doctor listened attentively and informed her that her request would be noted. UAC's next OB/GYN appointment in 11/21/17 at 9:00 a.m.

UAC disclosed pregnancy to her mother on 10/26, however she has not disclosed her request for "TOP". In addition, sponsor is not aware of pregnancy or UAC's request for "TOP". At this time, minor has stated she is not willing to inform sponsor of pregnancy and we continue working with UAC with regards to sharing her request for "TOP" with her mother. UAC has requested to meet with ProBAR (legal service provider) follow up with legal service provider is pending.

Please be advised at this time care provider has received an incomplete FRA from sponsor (unverified brother in law). Care provider has received UAC's birth certificate, UAC's adult sister (sponsor's wife) birth certificate and UAC's mother's birth certificate. In addition, UAC's mother has provided a notarized letter from home country authorizing sponsor to take care and take custody of UAC. However, sponsor has yet to provide a copy of his birth certificate and a copy of marriage certificate (to prove formal relationship with UAC). As previously reported, sponsor resides and works in (b)(6), (b)(6) the nearest fingerprint site is an 8 hour drive, however sponsor stated he would make the necessary arrangements to travel to site. Sponsor has not returned Authorization for Relapse of Information forms therefore fingerprint appointment has not been scheduled. Please also note that minor's adult sister and (b)(6)-year-old nephew remain in DHS custody. According to sponsor he has not had communication with his wife (UAC's sister). Sponsor also has reported he resides in a home with other adult household members, his brother, his brother's wife and their children. At this time sponsor has not reported any criminal history with the exception of an immigration arrest. Sponsor disclosed that he and his son (b)(6) years old at the time) were apprehended approximately (b)(6) years ago upon entering the U.S. without proper documents or inspection. According to sponsor he is attending immigration proceedings and he is without legal status. Sponsor reported he intends to comply with all immigration hearings. Please also note that UAC has denied a history of abuse, mistreatment or neglect, there is no known history of trauma and UAC has described her relationship with her mother as "positive".

Please advise if further information is needed or if there any further questions or concerns, thank you.

Teresa/Jallyn,

Would you please update me on the latest in reunification progress for the UAC at IES LF who is currently pregnant and expresses interest in TOP? Appreciate latest on OBGYN appointment outcomes, discussion with her mother, and especially on reunification. If you could provide by 10AM Central time Tuesday would be very helpful.

**Subject:** UC requesting pregnancy termination

Hello Dr. Bartholomew, I am writing in regards to female minor, (b)(6) she is the youth that arrived at Las Palmas Program 924 and was requesting to terminate her pregnancy. At this time minor has been taken to OB/GYN appointment where it is confirmed that she is (b)(6) weeks (b)(6) days pregnant. Case manager notified us that the only things pending to reunify minor was medical (xray, labs, ect). Upon requesting chest xray, PCP noted that youth's xray was abnormal. Although she is negative for TB condition, the following findings were documented.

*Findings as reported by (b)(6) MD: There is a dextroconvex thoracolumbar scoliosis measuring approx 8 degrees, with apex at T12-L1, with suspicion butterfly vertebrae at T12 and possibly T11.*

For this reason PCP is referring to neurologist for further evaluation. We have called to schedule an appointment for neurologist in which they are telling us that it will be about 3 weeks for an appointment and they need to verify they can see a pregnant minor. Taking into consideration her pregnancy and her decision to terminate, keeping her here will add weeks to her pregnancy to or about 12 weeks. I am asking for your guidance as to how to proceed from here.

Will minor be able to proceed with pregnancy termination? (She still refuses to tell mom in COO, sponsor is aware of pregnancy)

Is the neurologist visit necessary here or can that be followed up with upon reunification?

Thank you in advance.

Thank you,

<b>Subject:</b>	Please update by 1200 ET (Tue 9/8) - ACF Program Updates for Hurricane Harvey
<b>Date:</b>	2017/09/08 07:17:48
<b>Priority:</b>	Normal
<b>Type:</b>	Note

Good Morning,

Please send your program updates to the ACF Watch Officer ([hswatchofficer@acf.hhs.gov](mailto:hswatchofficer@acf.hhs.gov)) by **1200PM EST, today Friday 9/8**. Below is what was reported in the last SITREP. If you do not have any new information to report, please reply, "Nothing new to report." Attached are the program specific disaster information collection plans for offices that currently have one – the information captured through the use of the collection plans assists us with informing partners of ACF programmatic impacts.

If you have new information, please edit what we have below and reply back. If you need any assistance feel free to reach out to the watch officer or the Region 6, Regional Emergency Management Specialist (REMS) Amy Grissom ([amy.grissom@acf.hhs.gov](mailto:amy.grissom@acf.hhs.gov)).

**The frequency of requests for information regarding program impacts as a result of Hurricane Harvey will decrease next week. OHSEPR will reach out 2x during the week to programs that continue to report impacts. Offices that are reporting no impacts will be contacted once to ensure that nothing has changed.**

Thank you!

## **From ACF SITREP 8**

### **Programmatic Impacts**

- **Office of Refugee Resettlement/Unaccompanied Alien Children:** No programmatic impacts to report at this time. In the Houston area, there are 5 shelters and 194 UAC. All ORR staff and UAC are safe and accounted for. There have been no requests for assistance, no shortfalls, and no critical concerns.
- **Administration for Native Americans:** No programmatic impacts to report at this time.
- **Office of Child Care:** The following inputs are from OCC coordinating outreach and assessments of child care facilities in Texas:
  - 74 counties have been impacted
  - 307 facilities are non-operational
  - 760 Operational Child Care Facilities with a total of 16,659 enrolled children
    - 29 Before/After School Programs
      - 1,240 Children Enrolled
    - 497 Child Care Centers
      - 14,915 Children Enrolled
    - 234 Family Child Care Homes
      - 504 Children Enrolled
  - Facility Damage by Type
    - 67 flooded
    - 26 Structural Damage

- 32 No sanitary water
  - 253 Other Damage (not specified)
  - 460 No Damage
- **Office of Head Start:** There are currently 321 centers in the impacted zone with 21,450 slots. 89 centers are confirmed closed in the impacted area affecting 5,500 slots. Currently, it is undetermined when all of the impacted centers in TX will reopen; however, a few reopened on 9/5/17 and more are anticipating reopening 9/11/17.
- **ACFY/Children's Bureau:**
  - Texas:
    - There are now only 6 general residential child care operations (shelters, basic foster care facilities) that continue to remain away from their primary location and are housed at other facilities. There is 1 residential treatment facility (for emotional and behavior challenged children and youth) that remain evacuated.
    - There continue to be areas in all of the impacted regions (along the coastal area and east Texas) where it is not safe to travel.
    - CPS has staff stationed at both Houston shelters and shelters in Dallas for 8am to 8pm daily. Families are identifying themselves to staff at shelters and asking to get messages to their caseworkers. Positive!
    - DFPS staff have arrived in Houston to provide assistance on Investigations, Family Reunification and FBSS cases. They are in the process of trying to finalize a snapshot of what the workforce will look like next week in the impacted areas.
    - All GRO's/RTCs evacuated children have been visited by DFPS since the evacuation.
    - Nineteen offices in Regions 7 (Austin), 8 (San Antonio) and 11 (Valley) re-opened on 09/05/2017.
    - Region 5 (Beaumont): There is still a lot of areas underwater and flooding is ongoing. Evacuations were still occurring over this past weekend. DFPS continued outreach efforts to this to determine status of staff and children.
    - DFPS is tracking children placed in state from other states and out of state children in Louisiana.
- **Family and Youth Service Bureau/Runaway and Homeless Youth: (No Updates Reported; Information from 9/5/2017 – SITREP #6)** The grantee in Portland, TX (Connections) formally request RHY/FYSB federal assistance on Thursday, August 31, 2017.
- **Family and Youth Services Bureau/Division of Family Violence Prevention and Services:**
  - Beaumont: 9-6-17- The staff found mold in the kitchen of the shelter and will need to replace the sheetrock. A contractor will come out tomorrow to assess the damage, but are hopeful to replace the materials and open shelter on 9/11/17. Food banks should be delivering food and water today. Conducting final walk through to assess damages, but are hopeful to open

one wing of the shelter on 9/7/17. Experienced roof and drainage system damage, but only had an inch of water and were able to pump it out. Shelter is in great need of linen items (shelters, blankets, pillows, pillow cases) and towels, wash clothes and other toiletry items. Closed indefinitely due to flooding in the Beaumont area.

- Victoria: Fully operational. Shelter and Nonresidential center are now open, due to power outages. Clients were evacuated to other shelter centers. The shelter is not taking any new clients, working on getting previous clients transported back.
- Angleton: Shelter opened on 9/5/17. Clients will be transported back to the shelter on 9/8/17.
- Bay City: Fully operational Shelter reopened on 9/2/17 and nonresidential center opened on 9/5/17
- Non-residential Only Program:
  - Houston: Fully operational Opened on 9/5/17
- **Family and Youth Service Bureau/Adolescent Pregnancy Prevention:** No programmatic impacts to report at this time. Continuing to assess the needs of grantees to determine the level of effort that may be necessary to support implementation of projects after the flood waters have receded. Some areas are still experiencing flooding. Many of the grantees in the Houston and surrounding flood areas have not had an opportunity to assess their offices and program implementation sites and have not been able to provide estimates of the damage. All program staff have been accounted for and there has been no new updates reported.
- **Office of Community Services/Social Services Block Grant: (No Updates Reported; Information from 9/1/2017 – SITREP #5)** No programmatic impacts to report at this time. States have been made aware of the flexibilities of the funding through phone and email communications as of Friday, August 25, 2017. The State of TX will be reviewing their FY2017 expenditures to ascertain if there are any carryover funds that may be utilized, as allowable, by the state for issues arising as a result of the storm.
- **Office of Community Services/Community Services Block Grant: (No Updates Reported; Information from 9/1/2017 – SITREP #5)** No programmatic impacts

(b)(5)

- **Office of Community Services/Division of Energy Assistance/Low Income Home Energy Assistance Program: : (No Updates Reported; Information from 9/6/2017 - SITREP #7)** No programmatic impacts to report at this time. The Texas Department of Housing and Community Affairs (TDHCA) is using the flexibility of the grant in efforts to respond to Hurricane Harvey. In the past, the Division of Energy Assistance (DEA) at ACF/OCS helped Texas to develop its own disaster response policy. However, their ability to mobilize resources is somewhat limited due to extreme flooding situations in the Houston, Corpus Cristy, Victoria, and Gulf Coast areas. (b)(5)

(b)(5)

- **Office of Child Support Enforcement: (No Updates Reported; Information from 9/5/2017 - SITREP #6)** Texas hasn't requested any assistance. All coastal offices are still closed with no open date in site. Corpus Christi will probably be the first to open. The automated part of child support work continues. It is establishing orders and paternities that will be severely impacted for a while.
- **Office of Family Asssitance/Temporary Assistance for Needy Families:** No programmatic impacts to report at this time.
- **Office of Trafficking in Persons:** No programmatic impacts to report at this time.

Good Afternoon,

Thank you for your email. Please let ORR know when an appointment has been made for the options counseling. Please ensure that the child receives all emotional / psychological support that she might need to work through her thoughts and emotions during what is certainly a difficult time.

I have spoken to leadership. To clarify, the program is not authorized to take her to receive termination services, or to any appointments that would prepare her for a termination, without consent from the Director. ORR Director consent cannot happen without written and notarized consent of her parents. Program should proceed with life-affirming options counseling and notification to the parents of the pregnancy and the request for termination, if still desired.

If you have any further questions, please feel free to contact ORR.

Good Afternoon Dr. Bartholomew, thank you for your prompt guidance.

We will proceed as directed and ensure to keep ORR up-to-date. Please note, at this time UAC continues to voice she does not wish to disclose pregnancy to her parents whom reside in home country (GU). To our knowledge and according to UAC she has no "next of kin" residing in the U.S. Potential sponsor and minor's POC in U.S. was an unverified "aunt" who declined to sponsor, there has been no further contact between care provider and this individual. Assigned Clinician will continue working closely with UAC with the hope that she will reconsider, at this point are there any other actions care provider must take due to the UAC being unwilling to proceed with parental notification?? We will be sure to inform ORR once appointment is secured, thank you.

Good Afternoon,

I have discussed this email with leadership.

In these particular situations, the child should seek spiritual counseling, options counseling, and parental notification via a family session.

Counseling can be provided at :

Pregnancy Center of the Coastal Bend	4730 Everhart St	Corpus Christi	TX
--------------------------------------	------------------	----------------	----

Please notify ORR when these services have been provided.

I have added Mr. De La Cruz in case he has additional guidance

**Importance:** High

Good Evening,

Please be advised that IES LF Shelter has a (b)(6)-year-old female UAC (b)(6) (b)(6) XXX-XXX (b)(6) from Guatemala in care (DOE 9/7/17) whom is inquiring about the possibility of terminating pregnancy. On 9/18/17 UAC disclosed to assigned Clinician that she did not wish to continue her pregnancy, she shared she wished to end her pregnancy and return to home country as she has no viable sponsor options. UAC attended initial OB/GYN appointment on 09/11/2017 at RGV Women's Health Center- Harlingen with Dr. (b)(6) (b)(6) MD. An intrauterine pregnancy was confirmed by an OB sonogram. Gestation is +/- (b)(6) weeks. UAC did not share her thoughts with obstetrician during visit.

Please note, Dr. (b)(6) (obstetrician) and PCP Dr. (b)(6) are not currently aware UAC is seeking to terminate pregnancy, at this time the UAC has only shared this information with her assigned Clinician. In addition, care provider has not reached out to any community medical providers regarding minor's request, no appointment for the procedure/service has been made. This information has been elevated to designated ORR FFS and a Significant Incident Addendum (Event# 106940) has been submitted with regards to UAC's request for above referenced medical service. At this time care provider is reaching out to ORR Medical team in the hopes of obtaining procedural guidance regarding minor's specific request. Please advise on how to proceed with minor's request for this heightened medical service, thank you, we will wait for further guidance.

\*Password for attachment will follow in separate email, thank you.

Hello Dr. Bartholomew, I am writing in regards to female minor, (b)(6) she is the youth that arrived at Las Palmas Program 924 and was requesting to terminate her pregnancy. At this time minor has been taken to OB/GYN appointment where it is confirmed that she is (b)(6) weeks (b)(6) days pregnant. Case manager notified us that the only things pending to reunify minor was medical (xray, labs, ect). Upon requesting chest xray, PCP noted that youth's xray was abnormal. Although she is negative for TB condition, the following findings were documented.

*Findings as reported by (b)(6) MD: There is a dextraconvex tharacolumbar scaliasis measuring apprax 8 degrees, with apex at T12-L1, with suspicion butterfly vertebrae at T12 and passibly T11.*

Hello Dr. Bartholomew, I am writing in regards to female minor, (b)(6) she is the youth that arrived at Las Palmas Program 924 and was requesting to terminate her pregnancy. At this time minor has been taken to OB/GYN appointment where it is confirmed that she is (b)(6) weeks (b)(6) days pregnant. Case manager notified us that the only things pending to reunify minor was medical (xray, labs, ect). Upon requesting chest xray, PCP noted that youth's xray was abnormal. Although she is negative for TB condition, the following findings were documented.

*Findings as reported by (b)(6) MD: There is a dextroconvex thoracolumbar scoliosis measuring approx 8 degrees, with apex at T12-L1, with suspicion butterfly vertebrae at T12 and possibly T11.*

#### Sessions 'disturbed'

#### by case of immigrant who got abortion (featuring ACF)

Attorney General Jeff Sessions says that a 17-year-old undocumented immigrant who obtained an abortion this week after a bitter court battle should not have been allowed to go through with the procedure and that the Justice Department is "disturbed" by the development. Sessions told Fox News's Bret Baier in an interview Friday evening that lawyers for the American Civil Liberties Union (ACLU), which represented the teen identified in court papers only as Jane Doe, were "determined to have that abortion." The attorney general also complained that the girl was able to undergo the procedure early Wednesday morning, before the Justice Department was able to file a new brief.

**Undocumented teenager gets abortion in Texas after**  
**month-long court battle**  
**(featuring ACF)**

On Wednesday morning, the seventeen-year-old at the center of a legal case about abortion access for undocumented minors obtained the procedure. The abortion was the latest and perhaps final step in a lawsuit that has gone on for nearly a month, gaining national attention along the way. At the heart of the issue lies the question of whether undocumented immigrants have access to the same rights as U.S. citizens, as the federal government has argued that those without ties to the U.S. do not.

Jane Doe, the 17-year-old undocumented immigrant at the center of a heated legal battle over abortion, on Wednesday ended her pregnancy in a South Texas clinic, following a Tuesday court ruling. But the conflict over how, or if, other unaccompanied, pregnant minors in custody in Texas will obtain abortions remains uncertain, given opposition from conservatives, including Texas' attorney general, who filed a brief in federal court supporting the federal government, which for a month kept Doe from undergoing the procedure.

A teenage immigrant at the center of a legal fight over her choice to have an abortion was temporarily released from federal custody under a court order and had the procedure Wednesday morning, her lawyers announced. Identified in court documents as Jane Doe, the Central American teenager also issued a statement through her lawyers that criticized federal officials for putting her through a monthlong legal fight to get the abortion, which was paid for with private money.

Lloyd has written extensively on abortion, contraception, and other reproductive healthcare that he opposes on religious grounds.

*Opinion**Business Insider, NY**Oct. 29, 2017***Jane Doe got an abortion, but Jeff Sessions still won't let it go***(featuring ACF)*

Attorney General Jeff Sessions is reportedly not happy about the fact an undocumented pregnant teenage immigrant, known simply as Jane Doe, was able to obtain an abortion last week after a weeks-long court battle. And from remarks Sessions recently made to Fox News, it appears as if the attorney general is not quite ready to let this issue go. In an interview with Bret Baier of Fox News, Sessions said the Justice Department was "disturbed" that Jane Doe had been able to obtain an abortion before the Justice Department could file a brief, or legal argument, to appeal or block the procedure.

*Opinion**Bustle, NY**Oct. 29, 2017***Why did Justice insist on delaying an abortion for an undocumented minor?**

*(featuring ACF)*

Acting before the Department of Justice could seek an emergency stay from the Supreme Court, an undocumented minor known in court papers as Jane Doe received an abortion just a day after the en banc US Court of Appeals for the DC Circuit ruled that the federal government could not continue to block her from doing so. Judge Millett's concurring opinion provides the chief rationale for the ruling, which was an otherwise unexplained per curium order. It is a remarkably thorough opinion, given the tight time constraints.

The radical pro-abortion lobby and its allies in the media are out to vilify and destroy Scott Lloyd. The New York Times calls him an “anti-abortion crusader.” A Washington Post columnist calls him an “anti-abortion zealot.” Meanwhile, in its news section, the Post underscores that Lloyd, who serves in the Trump administration as director of the Office of Refugee Resettlement, has six children. If Scott Lloyd didn't break the law, he came perilously close to doing so. The Jane Doe case also raised questions about the broader legality of Lloyd's actions. An ethics watchdog group and two congressional representatives are now looking into whether Lloyd should be charged with abuse of public office. The Campaign for Accountability, which has called on the

Virginia State Bar to investigate whether Lloyd's actions violated rules of professional conduct. Perhaps most damningly, Lloyd may have flouted the terms of a long-standing federal settlement agreement—behavior that could put him in contempt of federal court. In 1997, the federal government entered a settlement in the long-running Flores

**v. Reno** lawsuit. Lloyd should face consequences for his misconduct. He probably won't. Lloyd's ethical breaches should be a scandal. But in this administration, they're just business as usual.

In a year when President Trump's hard line on illegal immigration has driven the number of immigration arrests up by more than 40 percent (b)(6)'s case has sped straight to the heart of the immigration-debate maelstrom. Politicians have called for her release; activists have rallied, fund-raised and prayed on her behalf, questioning whether the Border Patrol violated its own policy against arresting immigrants at hospitals and why agents chose to expend so much time and manpower on a disabled 10-year-old girl.

He said even though (b)(6) is undocumented, the Border Patrol's presence at the hospital was intrusive and unnecessary. "It's a status violation. Somebody that's not of status, (who) didn't enter the country and report when they came in -- she's not a criminal. I cannot even begin to fathom why we would be doing this. In response to intense criticism over a decision to put a girl from Mexico with special needs in deportation proceedings and transfer her to a child care facility in San Antonio, a Border Patrol official said Thursday that agents' hands were tied when they encountered (b)(6) this week at an immigration checkpoint near Freer.

While it's normal for children who recently have crossed the border to be transferred to HHS, it's "incredibly rare" for a child who has lived in the U.S. for years, recently undergone surgery and has a surgeon's recommendation that she return to her family to end up in the department's custody, said Jennifer Podkul, the director of policy at Kids in Need of Defense, which provides representation to unaccompanied children.

**It is un-American to

The detention last week of (b)(6) a 10 year old girl with cerebral palsy on the way to emergency gall bladder surgery, by Immigration officials should cause us to ask whether if we remain silent we are as complicit as the Germans who saw Jewish children been abused in school yards and stood silent. It should cause us to ask, as the Washington Post aptly put it, 'Is this who we are?' What I do know is that it is un-American to stand by in complicity as a 10 year old disabled girl is treated inhumanely by forces of the Government of a nation that was created to pursue respect for the rights of all. This is NOT who we are as Americans.

**Trump, fighting for disability rights means fighting for immigration rights**

In fact, this sort of thing has happened so often this year that congressional Democrats are attacking ICE for violating its own policy on "sensitive locations." The agency is supposed to avoid "enforcement actions at or focused on sensitive locations such as schools, places of worship and hospitals" unless there's a threat to public safety. None of these instances threatened public safety. The combination of the vulnerability of these individuals and the "just following orders" excuse from immigration officials make one thing very clear: Those of us who are fighting for disability rights cannot carry out our mission in President Trump's America without also fighting for immigration rights.

Immigration officials outdid themselves this week when they took into custody a 10-year-old girl with cerebral palsy who had just undergone emergency surgery. **Improve foster care**

The Senate found there were flaws in data collection and oversight when it came to for-profit foster care, at both the state and federal levels. Procedures set up by states to monitor providers' performance and outcomes weren't followed. Children under the authority of the state who received services from private, for-profit agencies were abused, neglected and denied services.

It’s no accident that they picked middle Tennessee as the venue for what some groups are billing as their first official gathering since August’s violent “Unite the Right” rally Charlottesville. ### Unaccompanied Alien Children

#### Undocumented

#### Jane Doe's abortion is bellwether to a much larger battle

(featuring ACF)

The case of a Central American teenager seeking an abortion in Texas is decried as a double failure to respect the life and dignity of the unborn and the migrant. Because the ACLU was successful with the D.C. Circuit, Aden said, it found the jurisdiction that gives it the best likelihood of succeeding in its class-action lawsuit, which would likely head to the Supreme Court. Overall, the decision would have ramifications beyond the Office of Refugee Resettlement and affect state and federal correctional facilities.

#### Head

#### of immigration shelters under fire: Says abortion policy is under review

(featuring ACF)

The head of the federal government's Office of Refugee Resettlement(ORR) tells CBN News that the agency is reviewing how it cares for pregnant unaccompanied minors in its shelters. Director Scott Lloyd said "we're taking a look at our policy to see if any changes are needed." Lloyd told CBN News that he could not discuss the "Jane Doe" case but emphasized that the ORR is committed to giving unaccompanied pregnant minors in its care "all the information that she needs about what she might be contemplating and about her pregnancy." Lloyd says the agency seeks to include minors' family from their country of origin in the discussion and also emphasized that the agency is committed to insulating taxpayers "from being involved in the destruction of life."

Lloyd did emphasize that minors in custody have limited access to constitutional rights. "They're in a situation where they're not in a position to exercise fully whatever rights they might have," he said.

Lloyd's actions perfectly encapsulate the hypocrisy of an administration that claims to have women's "health and safety" in its best interest while repeatedly making life more difficult for them. It seems as though Lloyd and others like him are willing to sacrifice the health and happiness of women in order to enforce their religious doctrine, despite the separation of church and state that is a cornerstone of our democracy. The federal government should not be counseling women out of having abortions. The steps it has taken to limit access to safe, legal procedures is indicative of a larger pattern of disrespect, which is only amplified in the cases of detained immigrants whose futures are uncertain.

*(featuring ACF)*

For 29 days, the federal government held a pregnant 17-year-old unaccompanied minor hostage, forbidding her to access the abortion care that she wants despite a legal order granting her permission. The Associated Press revealed that this Jane Doe case is not the first instance in which the federal government forced a pregnant minor to go to a crisis pregnancy center. These stories illuminate a larger effort by government

entities, whether federal or state, to legitimize crisis pregnancy centers, or CPCs — which function primarily to dissuade people from accessing abortion care — and tout them as actual health care providers.

"Jane Doe" has finally had her abortion. Normally, a sentence like that wouldn't be national news. However, because the federal government tried relentlessly to block the abortion, the case of the 17-year-old girl — identified as Jane Doe — quickly became a symbol of just how obstructionist the Trump administration intends to be when it comes to abortion and women's health care. What Jane Doe went through in Texas — almost being forced to continue her pregnancy against her will — could happen to minors in the vast majority of states in this country where young women are regularly deprived of their right to choose abortion.

**America**  
**needs refugees 'to show us how to love each other,' agree church resettlement volunteers**

America needs refugees as much as refugees need places like America, says Stephan Bauman, former president and CEO of World Relief, which has helped to resettle thousands of desperate wanderers. Bauman

addressed refugees and volunteers who have helped to make them at home during a “refugee welcome” event attended by more than 350 at Knollwood Baptist Church in Winston-Salem, N.C., Oct. 21. In the past two years, Knollwood has helped to settle four refugee families — three of them in partnership with Temple Emanuel, a Jewish community in the city. Their resettled families have been Muslim.

**resettlement in Tennessee (VIDEO)**

On Saturday, white nationalist groups staged a “White Lives Matter” rally in Tennessee. They were protesting refugee resettlement, an issue that’s been center-stage in the Volunteer State for more than a year. Tennessee sued the federal government over the refugee resettlement program — specifically, over who should foot the bill.

**Trump and Catholics quietly**  
**agree on refugees**

You probably don’t know this, but the Trump administration let up on a significant part of its travel ban last week, opening the door to refugees from around the world. The timing of the new refugee policy was notable because it came the same week as another underappreciated immigration development: a speech by a prominent Catholic cardinal from the developing world, reaffirming a nation’s right to restrict immigration while reaffirming all people’s duty to embrace refugees.

#### **on sex trafficking scourge draws crowd to Kirkwood High**

A documentary on the complex issue of child sex trafficking and the industries that help perpetuate the practice got its first screening in Missouri on Monday night before an audience of hundreds

at Kirkwood High School. "I Am Jane Doe" tells the stories of women who had been sex trafficked as children through the website Backpage.com as well as those of their parents.

The movie addresses how a federal law has been used to protect the website from many lawsuits alleging its owners are involved in criminal activity and profit from the ads.

"I Am Jane Doe," narrated by actress Jessica Chastain, is streaming on Netflix.

### 3.3.10 Telephone Calls, Visitation, and Mail

Care providers must ensure the privacy and safety of all unaccompanied alien children by having internal policies and procedures for telephone calls, such as verifying the identity of telephone callers and the recipient of outgoing telephone calls. Unaccompanied alien children must be provided the opportunity to make a minimum of two telephone calls per week (10 minutes each) to family members and/or sponsors, in a private setting.

Unaccompanied alien children are allowed to call both family members and sponsors living in the United States and abroad. Attorneys representing unaccompanied alien children have unlimited telephone access to unaccompanied alien children and the child or youth may speak to other appropriate stakeholders, such as their consulate, the case coordinator, or child advocate.

Care providers must create a list of approved and prohibited persons that an unaccompanied alien child may contact and may only prohibit telephone calls if they can document valid reasons for concern (for example, suspected smuggler or trafficker or past trauma with a particular individual). Care providers encourage visitation between unaccompanied alien children and family members (unless there is a documented reason to believe there is a

safety concern) and have policies in place to ensure safety and privacy of unaccompanied alien children and staff. Care provider policies include those that ensure that the UC and care provider staff are safe and that the unaccompanied alien child may communicate with the visitor in private. Care providers must have an alternative public place for visits. Visitation must be supervised by staff in a way that ensures safety but respects the unaccompanied alien child's privacy and reasonably prevents the unauthorized absence of the child or youth.

Potential sponsors may only visit with the approved child, not with other unaccompanied alien children in the facility. Prior to any visitation, all visitors must be informed of visiting hours and the circumstances that could result in the termination of the visit. Visitors must provide their name, address, and relationship to the unaccompanied alien child they are visiting. All visitors must present acceptable government-issued photo identification upon entry.

Care providers also ensure that all mail, letters, packages, baggage and any other items delivered to the care provider and addressed to the unaccompanied alien child are promptly delivered to the unaccompanied alien child and that children and youth have access to postage and if possible to email in order to send letters to family members, sponsors, legal representatives, and others. (Care providers must confirm the identity of the sender prior to release of the mail.)

If there is reason to believe that contraband is included in a package or the mailed item presents a safety issue, the unaccompanied alien child must be required to open the item in the presence of a care provider staff member who may conduct an inspection. If there is reason to believe it would be dangerous for the unaccompanied alien child to open an item, the care provider must call the appropriate authorities to properly handle suspicious packages.

Two questions from her:

1. What's ORR policy on how often a UAC can speak with a parent or attorney? They know that (b)(6) has been allowed to talk with her mother for 10 minutes at a time a

couple of times a week and this was a deviation from the norm (according to them). So they want to know what the standard is.

2. How is the NTA issued? They want to know why it took so long for an NTA to be issued in this case. I wasn't sure if we had any involvement in that.

Scott,

I just got a call from Kate Stotesbery in the office of Rep. Lloyd Doggett's office. Doggett (TX-35) is the representative for the district that includes San Antonio, where the UAC about which they were inquiring is sheltered. They are asking about the 10yo UAC with the CP diagnosis. (b)(5)

Jessica,

I have reached out to the Director of ORR, Scott Lloyd, for guidance on what steps the program should take with regard to the minor we discussed. Please see below the instructions (which I am providing verbatim) from the director for Los Fresnos to follow in this child's case. If there are any questions or concerns, please route them directly to Mr. Lloyd ([scott.lloyd@acf.hhs.gov](mailto:scott.lloyd@acf.hhs.gov)) and please cc me.

**The program must proceed as follows:**

**1) Notify the parents of the pregnancy tonight. The parents and the UAC should be given an opportunity to speak with each other about her options for the pregnancy. The UAC is not required to speak with the parents if she does not want to. If she chooses not to speak with her parents, the parents should be asked whether they have any wishes regarding medical options concerning handling the pregnancy.**

2) If the parents on their own prompting or the prompting of the UAC indicate they desire an abortion, they need to be informed we would need this in writing and notarized. No promise should be made concerning whether an abortion will be approved by the Director.

3) I would like to receive reports that this has occurred and what transpired, at least by phone.

Please acknowledge receipt and per Scott's direction, keep us updated on developments tonight.

Thank you,

Jonathan

Good Evening,

Please be advised that contact was made with UAC's mother in home country (GU), minor's father was not present or available.

Care provider informed the UAC that contact would be made with her parents in order to provide notification of pregnancy. UAC did not wish to partake in the phone call. According to UAC she fears her father's reaction as her father physically beat her older sibling when he found out sibling was pregnant. UAC had not previously disclosed fear of her father, upon arrival and completion of initial assessments and initial medical exam UAC denied a history of abuse, neglect or maltreatment. UAC did not provide further information regarding her father. During call, care provider formally notified UAC's mother UAC is pregnant, mother stated she understood and wished to speak to UAC about her feelings regarding pregnancy. UAC's mother stated she was confused as to why UAC

has not reached out to her or made contact with her more often since UAC departed from home country.

Care provider informed UAC's mother that upon arrival UAC reported she did not recall her mother's contact information therefore care provider did not have contact information for UAC parents until family point of contact in the U.S. provided mother with

care provider's contact information. Please note, UAC had no home country contact information upon arrival and reported she could not recall her mother's number. In addition, potential sponsor reported she did not have contact information for minor's mother. UAC's

mother explained that she could now understand why her daughter may not have wanted to reach out. UAC's mother stated she would support UAC during this difficult time and following her conversation with UAC she (mother) would speak with UAC's father about

the matter. UAC's mother expressed she wants nothing more than for UAC to be safe and in good care. Care provider reassured UAC's mother that UAC is in good health and adjusting to shelter environment. Care provider will follow up with UAC tomorrow and encourage

UAC to reach out to her mother as requested. Care provider inform UAC that speaking with her mother is needed and in her best interest, we will ensure UAC is provided with support and continue to provide ORR officials updates.

Please let me know if you have any questions or concerns, I will be sure to advise once call between UAC and mother occurs, thank you.

Jessica,

I have reached out to the Director of ORR, Scott Lloyd, for guidance on what steps the program should take with regard to the minor we discussed. Please see below the instructions (which I am providing verbatim) from the director for Los Fresnos to follow in this child's case. If there are any questions or concerns, please route them directly to Mr. Lloyd ([scott.lloyd@acf.hhs.gov](mailto:scott.lloyd@acf.hhs.gov)) and please cc me.

**The program must proceed as follows:**

**1) Notify the parents of the pregnancy tonight. The parents and the UAC should be given an opportunity to speak with each other about her options for the pregnancy. The UAC is not required to speak with the parents if she does not want to. If she chooses not to speak with her parents, the parents should be asked whether they have any wishes regarding medical options concerning handling the pregnancy.**

**2) If the parents on their own prompting or the prompting of the UAC indicate they desire an abortion, they need to be informed we would need this in writing and notarized. No promise should be made concerning whether an abortion will be approved by the Director.**

**3) I would like to receive reports that this has occurred and what transpired, at least by phone.**

Please acknowledge receipt and per Scott's direction, keep us updated on developments tonight.

Good morning Dr. Bartholomew-

I would like to give you an update regarding a TOP case. I debriefed Dr. (b)(6) last week during our MCC conference call.

TOP Case

Λ# (b)(6)

16 years old female admitted on 9/17/2017.

IME with a positive pregnancy test 9/18/2017.

During a Clinical session, the client informed the clinician that she wanted to stop her pregnancy on 9/18/2017.

OB appointment on 9/19/2017 Provider performed a Vaginal and Pelvic Ultrasound. Minor has (b)(6) weeks into her pregnancy, estimated date due by US (b)(6) 2018

Client had an appointment at Choices Pregnancy Centers (CPC) on 9/25/2017. She has a second appt. (tentatively for Friday) 9/29/2017 as the provider at Choices requested the disclosure.

Individual Clinical Session: After the counseling at CPC the client continued to decline to inform the family and/or sponsor.

Clinician will hold a session with the client to discuss the options.

Clinician will hold a Family Session with disclosure or just the normal family session to discuss expectations, etc., and then continue to work with the client on the disclosure.

Case Manager(CM): CAT 1. CM is pending the fingerprint appt. and identifying documentation (ID, and address verification) for the client's mother as she resides in the USA near the sponsor and has provided a notarized letter of resignation to the sponsor.

We would like to get more guidance in next steps.

Please Advise-

Thank you,

She reported contemplation to the clinicians on 7/18/2017.

After yesterday counseling session and discussion of pregnancy options, the clinician reported the minor is requesting a termination of her pregnancy.

Good morning Dr. Bartholomew-

I would like to give you an update regarding a TOP case. I debriefed Dr. (b)(6) last week during our MCC conference call.

#### TOP Case

A# (b)(6)

16 years old female admitted on 9/17/2017.

IME with a positive pregnancy test 9/18/2017.

During a Clinical session, the client informed the clinician that she wanted to stop her pregnancy on 9/18/2017.

OB appointment on 9/19/2017 Provider performed a Vaginal and Pelvic Ultrasound. Minor has (b)(6) weeks into her pregnancy, estimated date due by US (b)(6) 2018

Client had an appointment at Choices Pregnancy Centers (CPC) on 9/25/2017. She has a second appt. (tentatively for Friday) 9/29/2017 as the provider at Choices requested the disclosure.

Individual Clinical Session: After the counseling at CPC the client continued to decline to inform the family and/or sponsor. Clinician will hold a session with the client to discuss the options. Clinician will hold a Family Session with disclosure or just the normal family session to discuss expectations, etc., and then continue to work with the client on the disclosure.

Case Manager(CM): CAT 1. CM is pending the fingerprint appt. and identifying documentation (ID, and address verification) for the client's mother as she resides in the USA near the sponsor and has provided a notarized letter of resignation to the sponsor.

We would like to get more guidance in next steps.

Please Advise-

Thank you,

Good Afternoon Mr. Lloyd,

I am writing to touch base with you regarding pregnant UAC in care, as of today UAC has not spoken with mother in home country. During clinical follow up session UAC reported new information regarding incidents in which both of her parents disciplined her using corporal punishment. According to UAC both mother and father used electric cables/plugs, belts and switches to discipline her leaving physical marks and bruising. As a result of this information care provider is proceeding with standard significant incident reporting procedures.

In addition, UAC directly inquired if she would be taken to appointment in Corpus Christie, she stated she wished to be "educated regarding her pregnancy and her options". In addition, she asked if it was possible for her to be "educated in what an abortion is and how and where the medical procedure is conducted"..? Please note, UAC stated the provider she saw on Saturday only completed sonogram, informed her how far along she was, provided encouragement and told her assistance was available should she decide to keep her child.

Please advise on how to proceed with regard to UAC's specific request for information on "options education and termination of pregnancy procedure information". Please note care provider has not and will not provide requested information to UAC. I truly appreciate your attention and guidance in this matter, thank you.

Good Evening,

Please be advised that UAC attended scheduled appointment. Care Provider staff accompanied UAC and reported minor was physically examined and an sonogram was completed. According to staff present, (b)(6) agreed to physical exam and sonogram, the provider and nurse walked UAC through the sonogram and explained all the physiological changes her body is going through and informed her she was about (b)(6) weeks pregnant. The provider also explained the size and weight of her baby and all the physiological changes her baby is going through after which provider proceeded with life-affirming options counseling and assured UAC that assistance was available for young women in her situation and their children.

UAC listened attentively to information provided to her but said very little during her exam and counseling and denied having any questions for provider following the exam. The UAC was not provided with any documentation or literature, the physician noted all information into his computer/tablet.

UAC returned to the facility and ate dinner, I touched base with her following supper and she stated she was feeling well and appeared calm. I asked UAC how she was doing and informed her that I spoke to her mother and her mother wished to speak to her to reassure her of her support. UAC cried and appeared distressed when I brought up her mother. UAC declined to contact her mother and stated she did not wish to contact home at all. I stated we understood but encouraged her stating it is critical that she reach out to her mother, then asked her to take time and regroup and that we would allow her to reach out to her family at any point.

Following my conversation with UAC, I contacted her mother and informed her UAC was physically well and had declined to contact home at the moment.

UAC's mother reiterated her wish to speak to her daughter and express her support, I explained to mother we would continue working with her daughter in attempts to have her reach out to her.

Please let me know if you have any further questions or concerns, I will gladly be of any assistance.

Per ORR Director:

Yes, this is correct-- the program should notify regardless of UAC's wishes.

Ms. Rivera,

I have been advised by my supervisor, Ivonne Velasquez, to forward a directive from the ORR Director. Per the ORR Director, the next step is for the program to inform the parents of the pregnancy in the above referenced case. If the UAC doesn't want to do it, the program should offer to do it. The parents should be notified by the end of the day barring some exigent circumstance.

Per the Director please advise ORR once the program has completed the notification requested.

Ivonne,

I am writing to advise that there has been an update in the above referenced case. It appears that after program completed a family session in a clinical setting with UC Sponsor and UC, that the UC has decided to have her child to term and forego the TOP as previously requested. Below please find the communication provided by the program.

If there is any additional information I will forward or any questions that I need to present to the program please let me know.

Program Email Communication to FFS:

"Topic [TOP] was discussed with Aunt/ potential sponsor who appeared supportive towards the pregnancy. Client overheard the conversation with aunt and in hearing aunts support and excitement client has verbalized that she wishes to keep the baby."

Thanks for your attention on this matter.

Jonathan and Toby,

Scott would like your comments/ edits to the new policy by COB today or Tuesday. Let me know what is more doable. I'd like one of you to review and then the next person so I don't have to combine two different documents with comments/ edits. It will be easier for clearance. Let me know if that is doable and who will edit/ comment first.

Thanks,

**Court filing: Trump appointee blocks pregnant teen migrant from getting abortion**  
*Reveal, Center for Investigative Reporting*  
*Oct. 10, 2017*

A Trump appointee has prevented a 17-year-old migrant at a federally funded shelter in Texas from getting an abortion and directed she be sent instead to religious counseling, according to a motion filed in federal court last week.

Lawyers with the ACLU of Northern California will argue on her behalf at an emergency court hearing in San Francisco Wednesday. In court filings over the last few days, they've argued that changes at the Office of Refugee Resettlement under President Donald Trump's administration are to blame and that the girl, referred to as Jane Doe, is not an isolated case.

According to emails filed with the court, new ORR Director Scott Lloyd has met with a minor in federal custody to discuss her pregnancy and directed his staff to counsel girls about the risks of abortion – an early sign of how Lloyd's priorities will reflect his past work in pro-life advocacy.

In a declaration filed with the court, Doe explained that she decided to get an abortion and made appointments at a clinic, but was never allowed to go. Instead, she said, officials sent her to a crisis pregnancy center where she was given a sonogram and "forced to look" at the image.

"Defendants have been talking to me about my pregnancy," she said. "I feel like they are trying to coerce me to carry my pregnancy to term."

Doe told the court she is afraid to tell her family about her plans to get an abortion, and had hoped to keep her pregnancy secret. But she said ORR officials already told her mother she was pregnant.

According to the ACLU, Doe's case exemplifies a new order of business at ORR under the Trump administration.

On March 4, the office's acting director, Kenneth Tota, sent a memo to the private groups that operate shelters under contracts with ORR, telling them they "are prohibited from taking any action that facilitates an abortion without direction and approval from the Director of ORR." Tota referred to rules the office previously issued in March 2008.

Tota's memo was apparently prompted by news the day before that a minor at an ORR-contracted shelter had begun a medically induced abortion the day before. In his letter, Tota directed ORR officials to take that child to an emergency room and try to preserve her pregnancy, over the child's own wishes.

On March 10, according to a heavily redacted email filed with the court, ORR required, "effective immediately," that shelter operators send word whenever any girl expresses an interest in ending her pregnancy.

On March 14, according to another email filed with the court, new ORR Director Scott Lloyd offered some advice to his staff after visiting a girl in ORR custody. "Often these girls start to regret abortion," he wrote, "and if this comes up, we need to connect her with resources for psychological and/or religious counseling."

In another email, Lloyd told shelters to only steer minors to “pregnancy services and life-affirming options counseling,” not abortion providers. Lloyd reminded his staff to that “the unborn child is a child in our care,” and to make medical decisions accordingly.

On April 1, Lloyd directed Jonathan White, an ORR deputy director, to make sure that a minor in custody in Arizona get an ultrasound and counseling at Choices Pregnancy Centers, a Christian organization that, like Lloyd, suggests abortion regret is far more likely than research suggests.

Such crisis pregnancy centers are engineered to persuade women to carry their pregnancies to term, often using myths, religious messages and bad science. Crisis pregnancy centers are well-represented on a list of ORR’s approved counseling centers also filed with the court.

It’s no coincidence that these directions were some of Lloyd’s first actions after he was appointed to the office by Trump in mid-March. Before joining the office, Lloyd was an attorney for the Knight of Columbus, a Catholic charity, and served on the board of the pro-life Front Royal Pregnancy Center. In 2011, writing for the Center for Morality in Public Life, Lloyd argued that “the defining event in an abortion, as we use the term in our common parlance and in medical settings, is the death of a human being who has not yet been born.”

As a Health and Human Services official under President George W. Bush, Lloyd championed a rule protecting health care providers that oppose abortion on religious grounds, according to This Week in Immigration. President Barack Obama undid that rule in the first year of his presidency.

But the Trump administration has ushered in new limits on health care in the religious liberty protections, including last week’s decision to stop requiring employers to cover contraception in their health insurance plans. (Lloyd, writing in 2009, once argued that federal support for contraception would be a boon to abortion providers.)

Ahead of Wednesday’s hearing, seven attorney generals have lined up behind the Trump administration, led by Texas’ Ken Paxton, saying that “Texas must not become a sanctuary state for abortions.” Their brief argues that siding with Doe would suggest that “unlawfully-present aliens with no substantial ties to this country have a constitutional right to abortion on demand.”

Any minor seeking an abortion in Texas faces a number of roadblocks, even if they aren’t living in a federal shelter. Without a parent’s permission, a minor in Texas must get a judge’s permission to get an abortion, then make two separate appointments at a clinic at least 24 hours apart, the first of them for a mandatory sonogram. Doe had already navigated those steps, and made appointments in the last week of September before federal officials intervened.

Texas also bans abortions after 20 weeks, creating a tight deadline in the court case.

ACLU attorneys hope federal District Judge Laurel Beeler will order ORR to let Doe leave the shelter and end her pregnancy, and to extend that protection to other pregnant unaccompanied minors in ORR custody. Many children who arrive unaccompanied are fleeing abuse at home, and also face a high risk of sexual assault during their journey north.

Under a settlement in another court case, known as the Flores agreement, the federal government has to provide unaccompanied minors with medical care, including family planning.

I have attached the weekly litigation update.

In UC litigation, in *OGLS* (habeas litigation), the plaintiff filed a motion to expedite the proceedings. The court had set a deadline of 5/15 for the government to show cause why writ of habeas should not issue.

In refugee litigation, in *Alabama*, oral arguments were calendared to the week of 5/15/17; and in *Tennessee*, there was an order reassigning the case to a new judge, Chief Judge S. Thomas Anderson.

Please let me know if you have any questions.
